State asks city to relocate water main near dam site

by Dan Sanderson
Staff Writer

A city water main may ironically serve as a roadblock for a project aimed at improving the AuSable River fishery.

Plans to lower the city park dam by one foot, which will allow for fish passage upstream and will cool water temperatures and improve trout habitat upstream, are on hold while Grayling City and state officials address a water main located near the dam.

The water main, which is the main source of water for people on the south side of town, is currently under water but does not totally rest on the bottom of the river.

The DNR is spending \$390,000 to lower the dam and to install rip rap which will allow fish to travel upstream.

The project is funded from a portion of fees captured from the sale of fishing licenses.

"Fishermen are paying for this," said Steve Sendak, a DNR fisheries biologist.

When dam is lowered, DNR and Department of Environmental Quality officials fear that the pipe will be susceptible to damage and freezing.

The DEQ is recommending the city abandon the water main and replace the undersized water main which crosses on Maple

Street, which will improve the efficiency of the water system.

The DNR has pledged to give the city \$50,000 toward the projects on the condition of releasing the state from being liable for the water line.

State DNR officials are also lobbying on behalf of the city for a \$168,386 Community Development Block Grant from the Michigan Economic Development Corporation to fund the relocation project.

"We just don't have more money available to hand out," Sendak said. "We're tapped out."

Grayling City Manager Allen Lowe said city officials are waiting for a written legal agreement from the state on the project.

Grayling Mayor Joe Ferrigan said he believes the state should provide all funding for the project.

"I think if they're lowering the dam, then they would pay for relocating the water main," he said. "If the DEQ doesn't want it there - they should pay to move the thing."

The dam was first built in the late 1800s to create a storage pond for timber which supplied the local lumber mills.

The dam was rebuilt in 1932 as part of a bridge reconstruction project.

Department of Natural Resources officials hope to start a project to lower the city park dam in December of January.

City council considers water, sewer work

by Dan Sanderson
Staff Writer

The replacement of aging water and sewer mains may raise the price tag for a project aimed at keeping pollutants out of the AuSable River.

City engineers are recommending the city replace a sewer line which is in poor condition and an undersized water line on the south side of town in conjunction with a project which will divert stormwater run off from the AuSable River.

The Grayling City Council at its regular meeting held last week rescinded a bid earlier approved for M & M Excavating of Gaylord to do the first phase of stormwater project.

The Department of Environmental Quality has awarded the city \$758,000 in Clean Michigan Initiative Funds to retrofit the city's storm water system to collect and filter the pollutants which are currently going into the AuSable River after heavy rain storms and snow melts. The city is matching the project with \$127,000 in local funds.

Magnetic stickers a show of support for 1439th unit

by Dan Sanderson
Staff Writer

Two wives of troops in the 1439th Engineer Detachment based out of Camp Grayling, who are currently fighting fires in Iraq, are fanning the flames of support back home.

Melissa Howe, the wife of Spc. Scott Howe, and Annette Sinclair, the wife of Staff Sgt. Brian Sinclair, are selling magnetic ribbons which can be put on vehicles which say "Support Our Troops."

One magnet is the traditional yellow ribbon, and another is a combination of the American flag and the yellow ribbon. Two other stickers have a camouflage design which say "Support Our Troops" and "Bring Them Home Safe."

The 1439th Engineers Detachment, which is comprised of 20 troops from throughout the state, was deployed on December 14, 2003. The unit is expected to return home in December or January, said Capt. Dawn Dancer, spokesperson for the Michigan Department of Military and Veterans Affairs.

Howe and Sinclair have spearheaded the sticker sales as a fund-raiser for the 1439th unit's family support group.

Wives, children and family members get together regularly and exchange phone calls through the network.

"That way, the guys know

you are being cared for and you have somebody to lean on," Howe said.

"Everyone knows what you're going through," Sinclair added.

The sticker sales are one of several fund-raisers held by the members of the family support group.

Funds have gone to pay for food for get togethers, crafts for the children and t-shirts which carry a message of support for the troops. Money has also gone to mail care packages and boxes of food collected by the Community of Christ Church. The family support network is also hoping to have a welcome home party when the unit returns.

Information regarding the activities of the unit is classified and Howe and Sinclair can not share those details. They, however, said the troops are fighting several fires and have built their own living quarters.

Family members try to support each other as they hear news about American troops being attacked or killed by terrorists and insurgents and wonder if they will get that next call from their loved one.

"You overlook the small stuff," Sinclair said.

The stickers are being sold for \$5.00 a piece and are available at the Grayling Regional Chamber of Commerce office, the Ole Dam Party Store and the Gray Rock Cafe.

Officials address parks and recreation committee

by Dan Sanderson
Staff Writer

Minutes will become memos. Long range plans for parks and recreation in the city will become advice.

Those were the two fixes the Grayling City Council made to its ordinance which regulates its parks and recreation committee, addressing issues on how the committee conducts its business.

Grayling City Mayor Joe Ferrigan had requested the parks and recreation committee to come before the city council to address alleged Open Meetings Act violations. Grayling City Clerk Michele Moshier had raised concerns with the state act because the committee did not supply minutes from its meetings to her office.

The parks and recreation committee has since approved copies of its minutes and appointed Mary Ann Ferrigan to replace former secretary Joni Dunkel.

The city council at its regular meeting last week changed its ordinance regulating the parks and recreation committee which

Church move stalled; more money needed

by Susan Warrington
 Staff Writer

The Stittsville Methodist Church, which was built in the 1880's, is waiting for its trip to Wellington Farm Park, a working replica of a 1930's farm, located near Grayling.

The church hasn't been used since the congregation consolidated with the Moorestown Methodist Church in the 1990's.

Howard Taylor, President of the non-profit corporation which owns Wellington Farm Park, had been looking for an old schoolhouse for the Park but had been unsuccessful.

In the summer of 2003, a visitor to the Park told Taylor that the Norwich Township Board in Missaukee County was going to dispose of the old Stittsville Methodist Church and if he was interested, he should attend the next board meeting. Taylor did, and the board was happy to donate the church to the Park.

Since then Taylor, has been working to raise money to move the church. The initial phase of moving the church requires \$50,000.

Taylor said the money has been raised, thanks, in part, to a grant but a great deal of the matching funds are "in kind" donations and right now "cold

Photo by Susan Warrington

The old Stittsville Methodist Church waits to be moved to Wellington Farm Park where it can once again be used as a church.

hard cash" is needed to move the church.

First, money is needed to move the church 26 miles from its present location in Stittsville to the Park. Then, funds are needed to build a basement for the church.

The grant money and "in kind" contributions will pay for reattaching the 20-24 foot steeple and refurbishing the building.

The church will be located in the woods and will be visible from the road once the steeple is reattached to the building.

The church will be used of occasional regular services, vesper services, weddings, vow renewals and funerals.

Taylor added that it is important to get the church moved this fall, otherwise the deal is likely to fall through.

Once the church is on-site, Taylor plans to begin fundraising for the second phase of the plan to build an education/interpretive center which will become part of a "tremendous cultural complex."

The center would be used for plays, historical presentations and concerts. It could also be used as a reception hall for weddings.

Taylor added that the complex would be a "fantastic asset to the community" because it would "put Wellington Farm Park in the role of a major destination for travelers."

Anyone wishing to contribute money to help get the church to the park should contact Howard Taylor at 348-5187.

Cash for Class helps local schools

by Susan Warrington
 Staff Writer

Spartan Stores, owner of Glen's Markets, contributed a total of \$6,441.20 to schools and Head Start programs in Crawford

County during the 2003-2004 school year as part of the Cash for Class program.

Crawford AuSable Schools received a total of \$5,569.40 to spend as they choose. AuSable Primary received \$755.80, Grayling Elementary received \$1,499.90, Grayling Middle School got \$1,232.50 and Grayling High School received \$2,081.20.

Crawford AuSable Preschool received \$131.30, Grayling Head Start got \$287.80 and Frederic

Head Start received \$87.90.

The Calvary Baptist School received \$331.30 from the Cash for Class program and the Grayling Seventh Day Adventist school received \$33.50.

The program for the 2004-2005 school year has already started.

To help a school, tell the cashier that you would like to participate in the Cash for Class program and mention the name of the school that should receive the donation.

Officials address parks and recreation committee

Continued from Page 1A

will allow the panel to meet as an advisory committee rather than have it develop long-range recreation plans for the city.

The committee will also not be subject to the Open Meetings Act and will be asked to supply memos from its meeting rather than official minutes.

Dunckel had intended to step down as secretary of the committee in April. Some meetings for the committee were canceled this year and Mary Ann Ferrigan acted as secretary at other meetings.

"I strongly felt that no matter what ideas or plans we had, they were not on the same page as (the) city council," Dunckel said in her letter. "We have beautiful parks in our town that are not being utilized. My main objective was to make the play equipment at (the) city park safe (and) I have done that. My mission is complete."

Moshier said the committee still has to approve minutes from meetings where Dunckel acted as secretary and would contact her regarding her official resignation from the committee.

"They (the committee) approved copies of minutes that they didn't have, so they need to fix that," Moshier said.

Dennis Palmer, the city council member who serves as the liaison to the parks and recreation committee, said preparing an agenda, which will be sent to committee members a week prior to their meetings, will also help the group conduct business. "There was no agenda in the past, so there was no specialized order to do things and things got kind of jumbled up," Palmer said.

Carolyn DiPonio, chairwoman of the parks and recreation committee, said the panel looks forward to working on increasing recreational opportunities for the community. One priority the committee has been charged with is studying possible uses for the former Crawford County library, which is adjacent to the city park.

"We have a lot of good ideas and we want to go forward," DiPonio said. "We get a lot of input that probably the city council can't get."

State asks city to relocate water main near dam site

Continued from Page 1A

The city of Grayling and Michigan Department of Transportation are involved in a longstanding dispute over ownership of the dam. City officials believe the dam is owned by the state. State officials claim the

dam is the responsibility of the city because it is located on a city easement.

By lowering the dam, the structure will no longer be regulated by the state.

"This project will remove that legal aspect," Sendak said.

Candidates discuss Michigan's education crisis

by Susan Warrington
Staff Writer

COOR Intermediate School District and Kirtland Community College presented a "Meet the Candidates" night asking State Representative Matt Gillard (D-Alpena) and challenger Richard Fortier (R-Alpena) to present their views on the impending crisis in education.

The candidates answered four questions given to them a week ahead of time and three from the audience.

The evening began with an overview of the problem by COOR Superintendent Robert Jones, who organized the event. He said per pupil funding from the state has remained static or decreased for the last three years while costs for the districts have continued to rise.

Jones said an additional problem is the loss of students in most northern Michigan districts. He said, "student loss does not translate automatically to staff cuts because the losses come from grades K-12, with possibly only two to four students per grade leaving, which has a large impact on funding, but does not affect classroom size significantly."

To solve their short term problems, many of the districts COOR serves have dipped into their fund equity to pay for the recent shortfalls. Jones said, "fund equity is like the rainy day funds the State of Michigan once had. Once used, the fund is not replenished, so it can't be used to solve the next crisis."

Some districts are now faced with making drastic cuts in programs and staff.

In answer to the first question, both candidates said they saw the three most important issues facing the state as education, health care and the economy.

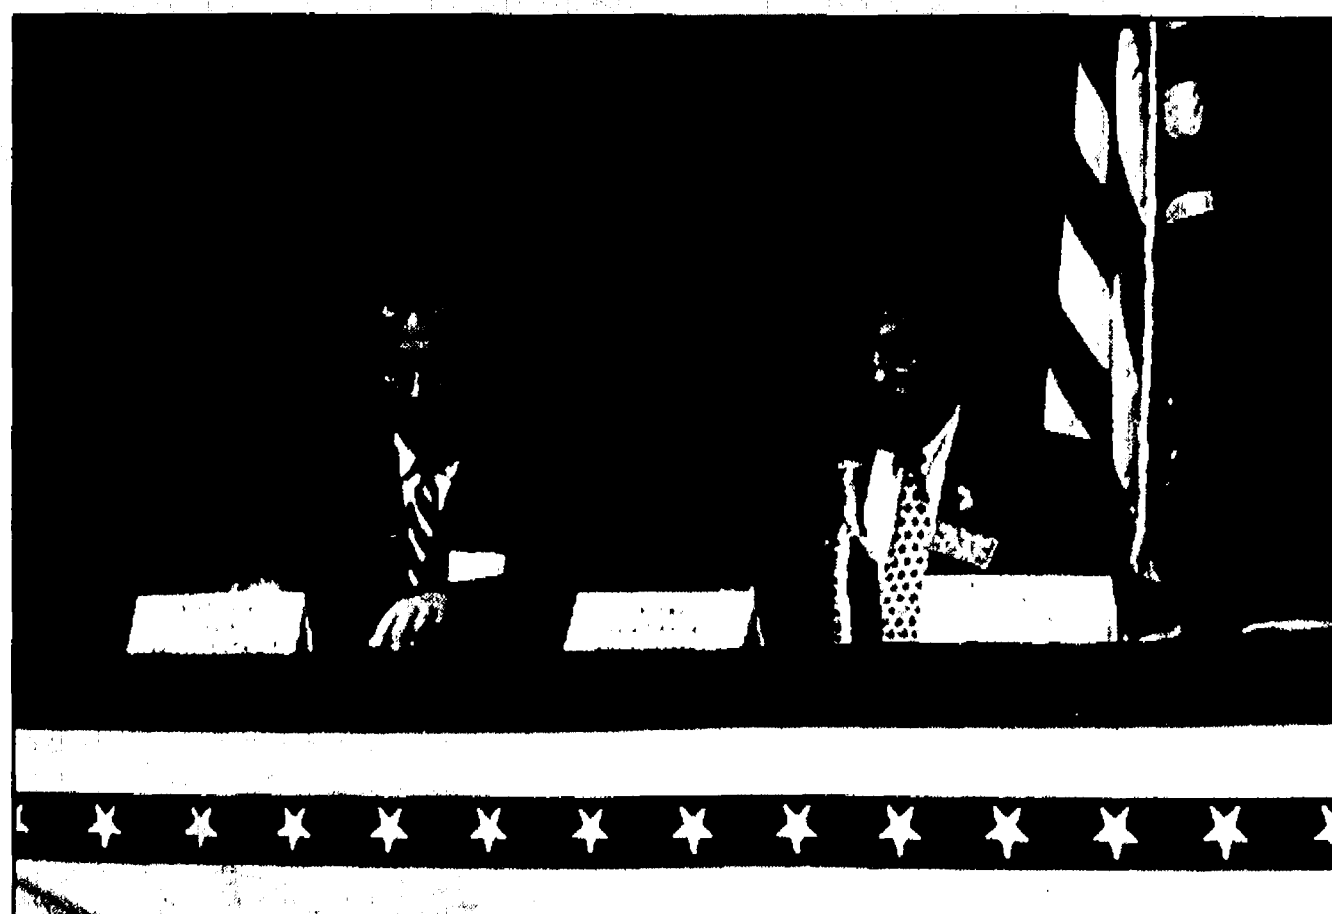

Gillard said two billion dollars have been cut out of the state's budget and education has been "held harmless" as much as possible. He said he recognizes the need to increase funding, but said rising health care costs and the loss of jobs are exacerbating the problem.

Fortier said he would get more money for education by closing the real estate property transfer tax loophole which would allow the state to collect a great deal more money on real estate transfers. He said this money could be used to support education.

The second question asked how the candidates would deal with the state's financial crisis and reduction of services.

Fortier said although he is opposed to racinos, "if they come, the licenses should be sold not given away." He also wants the DNR money, set aside to purchase land, to be used for the current financial crisis.

Gillard said there are structural problems with the tax deficit and

Representative Matt Gillard (D-Alpena) and challenger Richard Fortier (R-Alpena) prepare for their discussion on the funding of education in Michigan.

there is no will in Lansing to work on it. He said if the property tax collection had not been shifted to summer taxes, there would have been a 17-percent across-the-board cut in services from the state. He added that when it finally gets to the point where services are not there, the group in Lansing who have refused to deal with the problem will finally have to act.

The third question asked them how they would solve the northern Michigan schools crisis.

Gillard said there was a group from western Michigan who are not pro public education and they are not willing to work on solving the problems faced by public schools. Until that changes, he said, not much will be done.

Fortier said he favored allowing people to make contributions of up to \$3,000 to public or private schools and being allowed to write it off on their taxes.

The final question asked the candidates what they needed to know from schools in northern Michigan to help the schools deal with the federally mandated No Child Left Behind legislation.

Gillard questioned whether the MEAP test was the right vehicle to use to test the success of children. He said the test was originally designed as a curriculum guide, not an achievement test.

Fortier said more parents need to get involved. He added some children are beginning school too early and are penalized because they are so much younger than their classmates. He thinks children should be five in June in order to begin school in September.

The first question from the audience asked whether either candidate had accepted funding from GLEP (Great Lakes Education Project), spearheaded by Betsy DeVos.

Gillard smiled and said no. He added that in his last campaign,

GLEP spent a lot of money opposing him. He said GLEP favors vouchers whereas he thinks the focus should be on providing the best public education we can for all the students in Michigan.

Fortier said he has not received any funds but "who's to say some students do not deserve private schools." He feels charter schools may not be necessary in northern Michigan but are needed in the southern part of the state.

The next audience question asked each candidate to explain why he would be the best person to represent education issues in Lansing.

Fortier said he has lived in northern Michigan all his life and he is familiar with politics from being both a member of a union while working in Pontiac and as a business owner in Alpena. He said the good schools in Alpena were one of the reasons he moved back so his children would have a good education.

Gillard said he is a proponent of public education. He added that he has made himself available to school administrators when issues concerning education come up. In some cases, he has even initiated the calls to find out how the bills would affect the local districts.

The final question of the night dealt with the lack of accountability of home schools in Michigan and how it should be remedied.

Gillard said there are two types of home schools - people who actually do home school, and those who do not. He said the good home schools are meeting state standards and they should be brought in to help solve the problem of those who do not. He said one of the major problems with this issue is going into someone's home and telling them what to do.

City council considers water, sewer work

Continued from Page 1A

Carl Lehto, a project manager with Gosling Czubak, is recommending the city replace a sewer line which is on Fulton Street between Madsen Street and M-72 which is in poor condition. He is also urging the city to replace an undersized water line on Lawndale Street which serves the apartments in that area as well as the Crawford County Commission on Aging's Senior Center.

Retention basins, which will filter stormwater runoff, are due to be built over water and sewer line. Lehto said there is the potential of having the lines break when heavy construction equipment is used for the stormwater project. The city may also have to tear up the retention basins to repair the lines in the future.

Lehto said replacement of the sewer and water lines could cost between \$300,000 and \$357,000.

City officials rescinded the bid for the stormwater work rather than exercising a 90-day option to negotiate its contract with M & M Excavating to add the sewer and water work.

Dave Sabin, the city attorney,

advised the council that they may want to take new bids to include both projects because they would not be in the best negotiating position after awarding the bid to M & M Excavating.

"They may want to get involved, but they may not be inclined to get involved, that's only good business," Sabin said.

Mark Hurley, a project engineer from Gosling Czubak, and the council may be able to have contractors schedule the work in phases if M & M Excavating didn't take both jobs.

"It's pretty tough for two contractors to be working in the same trench," Hurley said.

City officials also held off on the stormwater project in order to give city staff time to explore where funds would come from for the water and sewer work.

"We need to do the water and sewer or not do this and have to tear it up again in two or three years," said Grayling Mayor Joe Ferrigan.

Bids for the project came in over engineers projections for the cost.

Brad Jansen, the executive director of the Huron Pines Resource and Conservation

District, said he believes the project cost more because the city is taking an innovative approach to handling its stormwater runoff.

Jansen said dollars could also be saved with removing contracts to maintain landscaped areas where the stormwater will be treated or using less expensive landscaping shrubs for the project.

City Council Member Dennis Palmer expressed concerns with cutting out items which were planned since the city passed a ordinance earlier this year which will mandate that new business developments take similar measures to treat stormwater runoff.

"We passed that condition on to the people doing business here and I don't think we want to be the first one to shortcut that," Palmer said.

Jansen said he is also going to approach the Michigan Department of Transportation in hopes of securing funding for the first phase of the stormwater project because the stormwater from the I-75 Business Loop will be addressed through the project.

"The whole essence of the project is treat the runoff that is created," Jansen said.

Governor Jennifer Granholm
Declares October as

Spinal Health Care Month

Many of our daily activities, if not
done properly can put our spine
out of alignment and cause pain or
discomfort. We suggest these tips
to reduce the risk of spinal injury.

1. While at the office, remember to take frequent stretch breaks from working on the computer. The more hours per day you use your computer, the greater the risk of discomfort or injury.
2. While working on your computer, sit with your knees at approximately a 90 to 120 degree angle. Using an angled footrest to support your feet may help you sit more comfortably.
3. Make sure your chair fits correctly. Allow for two inches between the front edge of the seat and the back of your knees. The chair should tilt back so you can rest while you're reading what is on your computer screen.
4. Avoid twisting and turning motions. Always bend from the knees, not your waist, when lifting anything heavier than 10 percent of your body weight, such as a child or heavy box.
5. Warm up and stretch before any physical activity, including all sports, raking, gardening, and shoveling snow. Be aware of your body form and technique; stand as erect as possible and let your legs and arms do the work, not your back. Allow your body and muscles time to cool down after such an activity.
6. Remember to get a good night's rest. Choose a comfortable support mattress as well as a pillow that supports the weight of your head, reducing the risk of back or neck pain.

OPINIONS

ALMANACK

by Richard Milliman

Kerry shines in first debate... apparently

THE FIRST OF this election year's great debates is over, and apparently Sen. John Kerry was the clear winner.

At least, that's what most media pundits and other usual political savants have concluded.

I really won't argue.

Early post-debate polls indicate results of Debate No. 1 gave Sen. Kerry a much needed voter boost. Kerry poll figures had been slipping a bit, but post-debate he rose into a virtual dead heat with President George Bush, according to most accountings.

Republican spin doctors, of course, claim President Bush came out just fine in the debate, although they are not convincing in their rationale of why Mr. Bush prevailed.

Spin weavers for the Democrats were ecstatic in their praise, and had no trouble citing this passage and that one, how Sen. Kerry drove home point after point, how Mr. Bush recoiled at Mr. Kerry's

debating prowess.

A COUPLE OF premises to keep in mind when analyzing who did what to whom behind the rostrum:

One premise is that most newspaper columnists, TV analysts and web page political experts tilt decidedly toward Mr. Kerry in the first place at least those with the most readers, listeners and viewers do. These political analysts were out with their pro-Kerry reviews before the lights were turned off in the debate room.

An auxiliary premise to ponder is whether such swift, favorable Kerry reviews influenced the polls which followed. In other words, do the columnists and commentators saying so make it so.

In the minds of many voters, it becomes a self-fulfilling prophecy, and it could be at least in part the reason for Sen. Kerry's standing in the polls to jump as it did.

The Kerry surge could be genuine, of course, and may be a significant milestone on his trip to the White House.

Keep in mind how the Kerry candidacy turned into a juggernaut in last winter's primary/caucus season once it turned the Iowa corner.

THIS WRITER is reluctant to jump that firmly on a Kerry bandwagon because of the first debate.

Mr. Kerry certainly looked brighter and sharper on the podium than did Mr. Bush. I wondered if he had spent at least part of the day in a health spa for a bit of reconditioning.

His style was superior to Mr. Bush's demeanor. Both were crisp in their favorite arguments.

Presidential debates over the years have developed into a two pronged affair - style and substance.

In a contest of style, it was clear to me that Mr. Kerry scored higher, but in substance, the debate was a draw.

I had heard all this stuff before - these words, these ideas, these charges and these answers, proposals and counter proposals. The content of the debate, to me was merely a recounting of campaign ads, speeches, press releases and other information that have been available for months.

Of course, I pay closer attention to political campaigns than a lot of voters. I read a lot of the political and campaign stories, as least scan most of political columns I come across, and listen to most campaign ads, at least until I become nauseated by repetition.

As the first debate droned on, I decided I was learning nothing new from either candidate, so after about 45 minutes I went to bed.

Maybe all the good stuff that excited so many Kerry-bending political experts and pundits happened in the last half of the debate.

LOVE MY DOG - A study sponsored in part by the American Kennel Club found 51 percent of dog owners who are likely to vote prefer a German shepherd living in the White House over 49 percent who favor a Scottish terrier, according to The Detroit News.

Sen. Kerry owns a German shepherd. President Bush owns a Scottish terrier.

The sample of dog owners was taken about 30 days ago, but the findings seem consistent with the post-debate polls.

However, the dog owner poll also showed that 51 percent of dog owning voters trust Mr. Bush more than Sen. Kerry to walk their dog.

There must be some deep psychological meaning behind it all.

Richard Milliman is a veteran newspaperman, and a contributing columnist to several Michigan newspapers.

EDITOR

This may be the most important election for generations

To the editor:

Well Ms. Lester, you and your liberal party are wrong again. Let me set you straight. It was your buddy - John - (flip-flop) Kerry who stated publically that foreign governments favored his election as President. Unfortunately he didn't have the guts to tell us who these governments were. I could say more but unfortunately, it would be lost on you and your Liberal buddies.

We as conservatives cannot

become complacent and take for granted that President Bush will be re-elected in a land slide. Quite contrary; now is the time we need to gear up and help any way we can. Now is no time to get lazy.

Make no mistake, this may be the most important election for generations to come.

God bless our President, our country and our military.

James W. Allman
Frederic

Thank you for serving our country

To the editor:

My husband was recently home on his 15 day leave from Iraq. He is a Firefighter in the National Guard and has been deployed for nine months and counting.

I am writing this because I would like our community to know how wonderful my husband felt every time someone came up and told him "thank you for serving our country." To him, this is what living in a daily state of terror and being away

from his family is all about. He is proud to serve our country and it makes him feel good to know that all of the soldiers are appreciated for all of their hard work and sacrifices.

No matter what your political view is I hope everyone will please shake a soldier's hand and realize what they and their families have put on the line each and every day for our country. God Bless our Soldiers.

Annette Sinclair
Grayling

Vote for the person you feel most confident in

To the editor:

It is interesting to look in the Letters to the Editor each week and to realize that this one page is a microcosm of what our country has become; divided.

Cathy Lester, The Reidelbergers, Art Evon, and of course James W. Allman all write letters regularly. They try so hard to make their points and to get you to despise the other's candidate. This has been the norm in this country for some time now. It seems the further we get removed from September 11th, the more divided we become, which is a shame, because on September 12th we were perhaps the most United we have ever been, not only as a country, but as a world.

I'm not going to place blame on one party or another, they

are both guilty of the despicable behavior of pettiness. Bill O'Reilly, Rush Limbaugh and Sean Hannity make millions off this division and on the other side of it so does Al Franken, Jon Stewart and Michael Moore; trust me these people are not your friends. They are making millions off our pettiness, whether you are buying Sean Hannity's book or buying a DVD of Moore's "Fahrenheit 9/11" you are playing right into their hands. The more we get along, the less money they make.

This country has not been this divided in my lifetime. The fight for the White House is so petty that "Liberals" are actually criticizing a man for avoiding the Vietnam War and the "Conservatives" are actually criticizing a man that volun-

tarily served there. This is the most backward thing in the world. Usually "liberals" completely empathize with draft dodgers (Clinton) and "conservatives" staunchly defend any veteran (Dole and McCain). But not in this case, it has become a bizzaro world in which both parties scavenge for any little piece of a scandal to tear apart the other one. It's really pathetic how we have turned into that and in the end it isn't the candidates fault, it isn't the media's fault, it is us the voters who allow ourselves to be manipulated by this machine. If our children were so manipulated by television and radio, we would turn it off.

We always exclaim how we want so badly for the candidates to just discuss the issues and be honest.

This isn't a letter to tell you who to vote for, I just hope you vote and I hope you don't vote with malice for one of the candidates. I hope you vote for the person that you feel the most confident in. Listen to your own heart, think with your own mind and on November 2nd feel good that you made the best decision for you and your family. Not what Rush told you to do or Michael Moore told you to do not what a letter to the editor told you to do and definitely not what some 30 second commercial told you to do. God Bless America. God Bless our troops. And may the best man win!

There really isn't any place on Earth comparable

To the editor:

Returning from a wonderful adventure around the world in September 1980, I was shopping in the old Ben Franklin's when I was approached by one of the long time employees, who somewhat shyly and hesitatingly inquired as to what was my all-time favorite place in the world.

I remember responding that there are truly many wonderful and beautiful places in the world

and although having been on the Seine River in Paris, and the Irrawaddy in Burma, it was sometimes very hard to choose. However, I shared, that for me the choice was clear and that to be on the AuSable River in September was the all-time favorite. As a world traveler, I have appreciated the simple beauty often found in our own backyards.

Now having just returned to

my home in Austin, Texas after a brief four day visit to Michigan - and only a day in Grayling. I was reminded of that conversation and encounter now almost 25 years ago.

As when I lived in Grayling in the mid-70's, I was treated royally by Mom and Dad Chappel (Bob and Eileen) and the Smocks (Bobby and Mary) and even treated to a short float down river. Reminded of the beauty

and warmth of the river, the shore, the woods and special friends in Grayling, I am reinforced in my long standing impressions that there really isn't any place comparable on earth and makes me long to revisit and continue to appreciate it all over and over again.

Steve Rison
Austin, Texas

There are fine DNR officers somewhere out there

To the editor:

Like the Madills, Kaisers, Partellos and Henion with four boys we have had our share of unpleasant experiences with our DNR officers.

But, I would like to share with you a good experience we had with a very special DNR Officer, Clarence Roberts.

In the 1950's times were hard. My mother, Doris Bancroft talked about the time the neigh-

bors gave her a hind quarter of venison, (out of season) with six kids to feed she never refused food.

As we were ready to sit down to a meal of venison steak, mashed potatoes, cole slaw and garden vegetables. Who should knock on our door, but Officer Roberts. He stated he was there to check up on a reported violation.

My mother never refused any-

one a meal, and if you were there at mealtime, you were automatically invited to dinner. Officer Roberts accepted and my mother and six kids ages from two to 12, ate dinner with Officer Roberts. There was not a morsel left (leftovers were unheard of at our house).

After dinner Officer Roberts got up, excused himself and thanked my mother - he said "I do believe that was the finest

beef I have ever eaten," and left.

Nothing was ever said about the out of season venison. My mother always said he was a fine man and a gentleman and always paid her compliments to him.

So you see, there are fine DNR officers somewhere out there.

Cost is \$7 for adults and \$3 for children ages five to 12. Children four years and younger eat free. Take-outs will only be available between 4 p.m. and 5 p.m.

Program on gluten free diet to be held

The program, Living Well on a Gluten Free Diet, will be presented on Thursday, October 14, at 7 p.m. in room 301 at the Central United Methodist Church, 222 East St., Traverse City. Traverse Area Gluten Free Support Group's dietician - advisor, Laura McCain, RD, outpatient dietician at MMC, nutrition instructor at NMC, and certified chef, will sort out the diet and nutritional information found in the public media and provide up-to-date nutritional information for a healthy gluten free diet. Bring your questions. Celiacs and others interested in a wheat-free/gluten free diet are welcome. For more information contact Jim and Patti Tighe at 989-275-8648.

Christian Singles to hold campfire

Christian Singles (20ish to 45ish) are invited to gather on Saturday, October 16, for 7 p.m. to 9 p.m. to relax, sing and have S'mores around a camp fire along the AuSable. Refreshments and childcare will be provided. Please call Michelson Memorial United Methodist Church office at 348-2974 for directions or to reserve child care. Participants may also meet at Michelson at 6:45 to carpool the short distance to a church members home.

COA sponsors lunch for Seniors

Seniors from Frederic and Maple Forest area are invited to join the Crawford County Commission on Aging for lunch at noon on Friday, October 8, at the Frederic Community Building located at 612 Co. Rd. Meals are served on a donation basis. Come and join the group for a good meal and then stay for a game of Pantry Bingo. Please contact Eva Hubert at 989-348-7123 if you plan to attend, if you need transportation or if you need additional information.

Crawford County Democrats to meet

The Crawford County Democrats will meet on Thursday, October 14, at the Crawford County Courthouse at 7 p.m. The Crawford County Democrats meet regularly on the second Thursday of each month. Everyone is welcome. Election signs, bumper stickers, etc. will be available at the meeting as well as at the election headquarters located in the Michigan Federation of Teachers Building, 202 Huron St. (M-72 East, next to H&R Block). Hours are Monday through Saturday 11 a.m. to 1 p.m. and evenings Monday through Friday, 5:30 p.m. to 8 p.m.

Grayling Viking Band sells raffle tickets

The Grayling Viking Band is now selling their Command Performance raffle tickets. Winner of the Command Performance raffle will have the Grayling Viking Band perform a private concert within a ten mile radius of Grayling. Drawing will be held on October 14. Proceeds support your local band, by sending band members to band camp and help with college scholarships. Contact a local band member for tickets or call Shirley Currison, Band Booster President, at 348-1348. Reminder to band members to turn in ticket money by October 8.

Low cost pet vaccination to be held

There will be a low-cost pet vaccination clinic October 16 at Hawk Hill Farm. Rabies vaccinations \$10.00. Other vaccinations available at discounted prices. Phone Dixie at 348-9178 for an appointment.

Shelter to sell pet related items at craft show

The Animal Shelter of Crawford County will be selling all sorts of pet related items, including bandannas, treats, calendars, board games and Creature Comfort Cookbooks, at the GPA Fall Craft Show on Saturday, October 9. A fall themed gift basket will be raffled off and tickets to win a 2005 Dodge Durango SLT will be on sale.

LIBRARY NEWS

Frederic Community Library

Judy Clyma, Youth Librarian, will be at the Frederic library on October 12 and 26 for the Match Lock Gun Programs. The programs involve making old fashioned toys and playing old fashioned games.

Diane Thomlinson is scheduled for the Rubber Stamping Program on October 21 at 4 p.m. This will be an opportunity to make cards for everyone.

If you are looking for a book to read and can't find in on the shelf, it can usually be borrowed from another library.

The following books have been donated as memorials to the

Frederic Community Library:

In memory of Dean Welch: from the Grayling Eagles Auxiliary #3465, *The National Audubon's field guide to Insects and Spiders*, and *Quick Books 2004 for Dummies*.

In memory of Loretta Hollenbeck: from the Bradford Lake Association, *Nights of Rain & Stars* by Maeve Binchy.

In memory of Donald Girardin: from the Bradford Lake Association, *Front Porch Tales*.

Memorial books may be purchased from the library for \$15. For more information or to sign up for programs, please call the Frederic Library at 348-4067.

The Grayling Promotional Associations Travel and Adventures Series visits Iraq travelling from the Kurdish controlled region in the North to the Shiite controlled cities in the South.

The Travel and Adventure Series is featuring Iraq

The Grayling Promotional Associations (GPA) Community Cultural Events Program's Travel and Adventure Series will present "Iraq." Come travel with photographer, filmmaker and freelance journalist Mike Shiley to see inside Iraq.

This new film entitled, Inside Iraq: The Untold Stories, an 80-minute documentary highlights challenges, opportunities and the inside of the Iraqi people and the U.S. soldiers stationed in Iraq.

Shiley traveled extensively throughout Iraq from the Kurdish controlled region in the North, through the infamous Sunni Triangle in central Iraq and to the sacred Shiite controlled cities in the South. He visited impoverished villages with Western medical teams, went on night patrols along the Syrian border in a tank squadron, flew over the country in a Blawhawk helicopter and walked the streets of Baghdad uncovering the lives of the Iraqi people. He literally risked his life every day to bring you this film.

Shiley has worked for two months developing exclusive stories for ABC World News Tonight, Nightline and Good Morning America as well as ABC-TV affiliates, KATU-Portland, OR, KMGH-Denver, CO and WFTS-Tampa/St. Petersburg, FL, international humanitarian aid groups and a

RANGE FIRING

Range firing is scheduled for the period October 6 - 12, 2004.

The Range 40 complex, Air to Ground, located north of County Rd. 612, east of Guthrie Lake, south of Old State Rd., and west of County Rd. F97 (Twin Bridge Rd.) will be conducting live and inert bombing operations by the Air National Guard during the following dates: October 6 - 7 and 12.

Small Arms Ranges located west of Lake Margrethe, north of Howe Road, east of gas pipeline and south of Portage Creek. October 3 and 8 - 9.

ARF Range located west of Lake Margrethe, north of Howe Rd., east of the gas pipeline and north of Portage Creek. October 6 and 9.

Range 15, located south of the main post, bounded on the west by Cadillac Rd. and on the east by Carrier Rd. October 9.

Heavy weapons range firing is scheduled from sunrise until three hours after sunset. Due to mobilizations or critical training requirements, the Post Commander may authorize mission-firing requirements beyond this time. This firing schedule is subject to change without notice to the public.

Snowmobilers may get highway access to trails

by Marc R. Rehmann
Capital News Service

Snowmobilers have long enjoyed Michigan's public trails and may become able to enjoy some of the state's highways, too.

The state could benefit by making the right-of-way along-side highways available to snowmobilers connecting to northern Michigan's trails, some lawmakers say.

A bill proposed by Sen. Jason Allen, R-Traverse City, would allow the Department of Natural Resources (DNR) and the Department of Transportation (MDOT) to allow snowmobile use on stretches along highways.

"Some snowmobile trails are very close to homes and there have been concerns raised," Allen said. "This gives snowmobilers alternatives as they travel."

For the past five years, property owners in the Indian River to Cheboygan trail district near Mullet Lake have complained about snowmobilers riding near their land. The DNR studied the issue and drafted the right-of-way highway proposal.

"I asked for support so we can resolve this critical snowmobile trail issue in Michigan," said Alan Thompson, the president of the Indian River Tourist Bureau. "Snowmobiling is an important tourist-maker in the state."

Thompson said that the trail connects Cheboygan, Gaylord and Indian River, and the right-of-way highway proposal would do the same.

Critics, such as Sil Mazzella, the president of the Snowmobile Trail Club in Gaylord, say the proposal would do just the opposite.

"I like the idea of the bill, but I'm against the portion of land that it's amended for," Mazzella said. "This would cause snowmobilers to backtrack 10 miles if they wanted to go to Cheboygan."

Mazzella said the original idea for the trail systems was to help snowmobilers and the communities.

"We are going to see a snowball effect, where people are going to use Interstate 75 and private landowners are going to tell snowmobilers to use more of the highways," Mazzella said. "This is going to hurt the economy of communities that depend on the trails."

Grayling, which depends on trails to attract tourists, already

has a stretch of I-75 open to snowmobilers.

"It's the only place that something like this has been done," said Bill Manson, the executive assistant at the Michigan Snowmobile Association. "The stretch of land was taken over by the DNR about 10 years ago to give them permission."

The stretch south of Grayling runs for about three-quarters of a mile with fences on both sides. It's about 150 feet from the highway.

"This stretch gets riders into accommodations and gas stations in Grayling," said Jim McMillan, a DNR supervisor in Roscommon. "Without the stretch here, riders would be unable to get to the private land. But each situation is on a case-by-case basis."

Thousands of trail miles connect northern Michigan communities.

"The name of the game is the better the trails you have, the better business your community will receive," said Rep. Matthew Gillard, D-Alpena. "The struggling issues we face are that people want the economic benefits that trails bring to their community, but they don't want the trails in their back yards."

MDOT says the safety of automobile and snowmobile riders is always an issue when looking at these kinds of changes.

"Wherever these snowmobiles will be allowed, I can guarantee safety will be our main concern," said MDOT northern Michigan information officer Bob Felt. "The safety on any road way is based on a combination of an engineering aspect, enforcement and education."

The proposed bill would provide that funding for all along-side-highway projects would not affect the state's budget.

"There will be no extra taxes coming in," Manson said. "Snowmobile registrations will pay for 100 percent of the funding."

More than 395,000 snowmobilers are registered in Michigan according to the Secretary of State's office.

"Snowmobiling is an important part of the economy of northern Michigan," the snowmobile groups Manson said. "This bill will help snowmobilers as they travel and explore the outdoors."

Howard, McCarver wed

Tristina Howard and Todd McCarver were married on June 5, 2004 at the Church of Jesus Christ of Latter Day Saints in New Martinsville, West Virginia. The bride is the daughter of Penny and Bill Howard of Sistersville, West Virginia. Parents of the groom are Cheryl McCarver and George McCarver of Grayling.

Maid of honor was Danielle Howard. Bridesmaids were Cindi Moore and Heather Pickett. Keil Clough served as best man. Groomsmen were Eric Hart and Ben McNally.

The couple will make their home near Fort Stewart, Georgia while Todd waits for deployment to Iraq.

Arwood, Larson engaged

Joel Arwood of Grayling and Lorrie Kibbe of Ionia announce the engagement of their son, Michael Joseph to Danyelle Larson. Danyelle is the daughter of Cindy Walker and Donald Larson both of Grayling. The couple will exchange vows on November 27, 2004 at St. Francis Episcopal Church with the reception immediately following at the Grayling Holiday Inn. The couple will reside in the Kalkaska area.

GRAYLING POLICE REPORT

Grayling City Police Chief Karl Schreiner reports his department handled the following during the week of September 25-October 2:

Four traffic accidents, one private property accident, two traffic warnings, one assist other departments, two alarm responses, one suspicious situation, four city ordinance violations, one MDOP and the following complaints: two larceny, two disturbing the peace, three juvenile, six civil, one illegal drug and five unclassified.

Talk to your doctor if you can't shake those blues

By Ernie Harwell

From time to time, we can get down and just not feel like ourselves. It happens to all of us. You don't live on the mountain all your life, you have to come down in the valley. For most, it's a temporary thing and we "play over it."

But for others, it's not that simple. For them, feelings of hopelessness can last much longer and have a big effect on their lives. Experts can't quite put their finger on it, but they think depression is caused by things like our genes, chemical imbalances in our brain, stressful events in our life, or a combination of these.

If you're feeling blue and it just doesn't seem to be getting better, talk to your doctor and ask if you might be experiencing depression. If you are, your doctor can work with you and give you the help you need, so you can start feeling like yourself again.

And remember, take care of your health before it's longggg gone!

Ernie Harwell, "the voice of the Detroit Tigers" for more than four decades, retired after 55 years behind a major league microphone. Today, at age 86, Ernie's days are filled with serving as a health and fitness advocate for Blue Cross Blue Shield of Michigan and Blue Care Network, public appearances, writing, traveling and taking long walks with "Miss Lulu," his wife of more than 60 years. His latest book, a collection of his baseball columns entitled "Life After Baseball," is available at local bookstores or by calling 1-800-245-5082.

MILITARY NEWS

Marine Corps Pvt. Roy M. Kidd, son of Melinda L. Kidd of Dallas, Texas and John D. Kidd of Roscommon, Mich., recently completed 12 weeks of basic training at Marine Corps Recruit Depot, San Diego, Calif designed to challenge new Marine recruits both physically and mentally.

Kidd and fellow recruits began their training at 5 a. m., by running three miles and performing calisthenics. In addition to the physical conditioning program, Kidd spent numerous hours in classroom and field assignments which included learning first aid, uniform regulations, combat water survival, marksmanship, hand-to-hand combat and assorted weapons training. They performed close

order drill and operated as a small infantry unit during field training.

Kidd and other recruits also received instruction on the Marine Corps' core values--honor, courage and commitment, and what the core values mean in guiding personal and professional conduct.

Kidd and fellow recruits ended the training phase with The Crucible, a 54-hour, team evolution culminating in an emotional ceremony in which recruits are presented the Marine Corps Emblem, and addressed as "Marines" for the first time in their careers.

Kidd is a 2004 graduate of Lake Highlands High School of Dallas, Texas and joined the Marine Corps in June 2004.

GPA's Command Performance Dinner Series opens with dixieland band

The Grayling Promotional Associations (GPA) Community Cultural Events Program's Command Performance Dinner Series will present the New Reformation Dixieland Band with the Opperman Brothers on Thursday, October 21.

In its 34 years, the New Reformation Band has given thousands of performances world-wide, playing traditional jazz, considered by many America's only original art form.

From its first performance at a Saginaw church, the band has played its "joyful sound" at national jazz festivals, with various US symphony orchestras, on cruise ships, in concert halls, at schools and colleges, as well as performing hundreds of worship services in churches of many faiths.

The band was founded on February 10, 1970 by the Opperman Brothers and Reverend Gary Miller for a single performance at Saginaw's First Congregational Church. Today it is recognized as one of the country's pre-eminent classic jazz groups which has appeared from coast to coast, in Europe, the Caribbean and South America.

Over the years, the NRB has produced 15 critically acclaimed albums which are being enjoyed by fans everywhere.

The band's 20th and 25th anniversary concerts were videotaped at Michigan's Heritage and Temple Theaters respectively, and subsequently telecast across the United States, including most major markets, on the PBS network. The band is currently filming a musical documentary series for TV and five one-hour episodes are completed.

Major jazz festivals have

repeatedly showcased the band. They have also even reached the legitimate realm as various symphony pop concerts around the country now feature the NRB "with Orchestra."

The universal popularity enjoyed by the NRB emanates from its versatile and talented gang of seven musicians, all of whom contribute instrumentally, vocally, and humorously. There are no wallflower introverts allowed in this eclectic mix of musical masterminds, and audiences delight in the spontaneous combustion of repartee and music produced by these guys.

Featuring the founding Opperman Brothers and five "superstar" sidemen, these seven friendly fellows...whose enthusiasm and wit is ever present...provide an entertainment experience most memorable.

Tickets for the October 21 performance, in the Evergreen Room at the Holiday Inn in

Grayling, are \$27.50 each; tax and tip are included. Doors open at 6 p.m., dinner will be served at 6:30 p.m.

On the dinner menu is the choice of sirloin steak and shrimp or stuffed chicken with dressing, potato, vegetable, rolls and butter, salad, and Orange Creamsicle Torte and non-alcoholic beverage. A cash bar will be available.

Vegetarian and special meal requests are honored and should be made at the time of ticket purchase.

Tickets are available by calling 989-348-7146, at the Grayling Chamber of Commerce or Flowers By Josie in Grayling. More information about the series is also available at that number. The GPA Community Cultural Events are made possible by a partnership with area businesses and corporations, and the Michigan Council for Arts and Cultural Affairs.

Headwaters protection helps river quality

The Headwaters Land Conservancy's name baffles some people. It shouldn't.

The conservancy is committed to enhancing and protecting the quality of northeastern lower Michigan's natural resources.

Key to this are the region's many "headwaters" rivulets and creeks. These small waters are the birth places of great rivers and Great Lakes. They often begin as swamps and marshes or springs and seeps, coming together as brooks.

As these flow, tumble or trickle invariably downward, they combine with others, becoming rivers and lakes. Most headwa-

ters have cold, clean water with abundant oxygen, which supports life that would not survive in warmer, less oxygen-rich water. Brook trout are indicators of healthy, oxygen-rich waters, typically headwaters.

As these cold, oxygen-rich waters enter their destinations, they begin to define the rest of the river system. Headwaters enhance the quality of the receiving waters by pumping cold, clean water into the main water body.

Headwaters are the life-blood of our rivers and lakes. If we care for and nurture the headwaters, we strengthen the character

and value of the main river and lakes.

The uses we make of the land adjacent to the headwaters affect the quality of water of the river or lake. Significant human development, erosion by construction or livestock, and pollutant runoff can all degrade headwaters and rivers into which they flow.

Indeed, we all live downstream.

The 11 county area in which the Headwaters Land Conservancy works is rich with headwaters of some of the most beautiful and famous rivers in Michigan and is the last of the big, wild lands in Michigan's lower peninsula.

The headwaters of the Muskegon River start from the influent streams of Houghton Lake. Headwaters near Grayling form the famous AuSable River.

There are many more. The headwaters of the Black, the Sturgeon, the Pigeon, the Rifle, and the Thunder Bay Rivers all meander across this beautiful northern landscape. Even headwaters of the Tittabawassee River begin in Roscommon county swamps.

What we do with and to the lands in northeast Michigan will determine the future of these headwaters, their rivers, and the fate of numerous large lakes like Black, Burt, Mullett, and even Lake Huron.

For more information, contact the Headwaters Land Conservancy at 989-731-0573, e-mail them at headwaters@gtlakes.com or visit their website at www.headwatersconservancy.org.

Nature's Bounty Celebration Saturday, October 9th ~ 10-5

Make a note of that date the harvest is bountiful
Let's celebrate!

If the ending of summer has left you down-hearted,
get ready for Autumn-we'll help you get started.

Terry from Barker Creek called us to say
He'll be sending some wonderful things that day.

There'll be flowering mums for your Autumn decor
Burning bushes and cornstalks and Aster's & more.

Tree's & shrubs that will "berry" all winter long.
All meant for our climate, they're hardy and strong.

If the pumpkins are ready we'll have lots of those, too.
In all shapes & sizes, just like me and you.

An applique group will bring quilts for a show.
And a load of our quilts will be sale priced to go!

If you're having just too good a time to have lunch,
We'll give you cider and donuts and apples to munch.

There's a bake sale by Krysta to please your sweet tooth-
Caramel apples & cookies & pies in her booth.

So October 9th, we hardly can wait!
Nature's bounty is plentiful-come celebrate!

On The Ballot: November 2 General Election – Lovells Township

On the November 2 general election ballot, the only contested race in Lovells Township involves the township board's trustee positions.

Three candidates are running for two trustee seats in Lovells: Warren H. Fuchs (Republican, incumbent), Delphine R. Nowaczyk (Democrat, incumbent), and Annette Stimpson (Republican).

The candidates for township supervisor (Frederick Schaibly, Democrat), clerk (Cheryl L. Hopp, Republican), and treasurer (Ann C. Duby, Republican) – all incumbents – will not face opposition on the November 2 ballot.

The Crawford County Avalanche mailed questionnaires to each candidate in a contested race and their responses were the basis for the following brief profiles:

Warren H. Fuchs
Republican (Incumbent)

Running For: Trustee
Warren H. Fuchs – No response.

Delphine R. Nowaczyk
Democrat (Incumbent)
Running For: Trustee
Delphine R. Nowaczyk – No response.

Annette Stimpson
Republican
Running For: Trustee
Annette Stimpson, Office Manager at Jansen's Heating/Cooling and Plumbing Source, has also worked at a large book distributor, a bookstore chain, and as a bank teller. "I am a member of the Lovells Township Zoning Board, president of our lake association and our lakes' representative to Michigan Lake and Stream Associations. I attend our township board meetings regularly," Stimpson said.

"I have always held the belief that citizens should be involved in all levels of their government and involved in the decision making of their local community. My long family history in this area intensifies this conviction," Stimpson said. "I will listen to and represent the citizens of Lovells and bring a thoughtful, reasoned point of view to the township. I will thoughtfully research the issues facing our township."

One of the main problems facing Crawford County right now is "preserving our natural environment while managing environmental issues. We need to increase our tax base but must maintain the integrity of our county. The lack of 24-hour police patrol greatly hinders crime prevention capability as well as basic services. We need to continually expand our educational opportunities for everyone. Increased traffic on roads not

Annette Stimpson

designed for such increases our road maintenance needs. We must continue and also enhance our senior citizen programs," Stimpson said.

Problems facing the township include, "environmental issues such as urban sprawl, gypsy moth control, and dealing with exotic species such as Eurasian Milfoil and Hydrilla. We must continual-

ly assess and enforce our zoning ordinances and manage growth in a positive fashion to create a more positive image for Lovells. Proper maintenance of our emergency services is just one facet of intelligent tax management," Stimpson said.

"What a privilege we have to be able to elect our governing bodies and to participate in government. We must not abuse or take for granted this opportunity. Every vote does count," she added.

Stimpson said "swimming and sailing" are her "favorite activities." "I enjoy all sports, the outdoors, and love to read. My pride and joy is most definitely my dog. I love to play with her and walk her," she said.

OMH Cardiac Rehabilitation Program awarded certification

The American Association of Cardiovascular and Pulmonary Rehabilitation (AACVPR) have awarded Program Certification to Otsego Memorial Hospital (OMH) for its Cardiac Rehabilitation Program.

Certification recognizes those programs rigorously reviewed by a national board and found to meet the outlined essential requirements for standards of care.

Cardiac rehabilitation programs are designed to limit the physiological and psychological effects of cardiac illness, reduce the risk for sudden death or relapse, control cardiac symptoms, stabilize and/or improve the patient's condition, and enhance the patient's quality of life.

"Our goal is to teach people how to manage their symptoms and improve their quality of life through a structured, comprehen-

sive program of educational classes and exercise therapy," said Sandra Nemecek, R.N.B.A., manager of OMH's Cardiac Rehabilitation Program.

"This certification is one way we have to demonstrate the quality of program we offer to our patients," Nemecek said.

The AACVPR is a national, multi-disciplinary association dedicated to the improvement of clinical practice, promotion of scientific inquiry, and advancement of education for the benefit of cardiovascular and pulmonary rehabilitation professionals and the patients they serve.

Written referral of a physician is first step of cardiac rehabilitation. Upon referral patients come in for appointments two or three days each week for eight to twelve weeks. The session length is tailored to individual ability, but typically lasts one hour. Patients are seen from 8

OMH's Cardiac Rehabilitation Program gets certification. Pictured above (left to right) - Karen Dougherty, RN, Staff Nurse; Marlene Hinchliffe, Administrative Secretary; Sandra Nemecek, RN, BA, Cardiac Rehabilitation Manager; Kim Nichols, RN, Staff Nurse; and Julie Shepherd, ES, Staff Exercise Specialist.

a.m. - 4:30 p.m. Monday, Wednesday and Friday and from 8 a.m. - 2:30 p.m. Tuesday and Thursday. Appointments are made during that time frame. Contact your family physician to

determine if this program is right for you.

For general information about this insurance-reimbursed program call Sandra Nemecek at (989) 731-7842.

Pictured with the Gateway built by the AuSable District from (L to R) Dylan Nye, John Ventline, Josh Aimesbury, Corey Kiessel, Matt Dunckel and Scott Wejrowski. Back (L to R) Assistant Scoutmaster, Brian Aimesbury, Jack Pilon, Nathan Pickell, Alex Millar, Tom Pilon, Scoutmaster, Jim Pickell and James Haight.

Boy Scouts attend Fall Camporee

Boy Scout Troop 995 of Grayling recently attended the

Lake Huron Area Council Fall Camporee held at the Combat Readiness Training Center in Alpena. Council Camporee's are held every four years, this one was the biggest with 1,900 Scouts and Scouters from over 19 counties in Michigan.

Scouts were able to take part in activities such as Airplane Fire Training Demonstrations, Coast Guard Ground Rescue and checkout other aircraft. The scouts went inside a C-130 Transport and sat in the cockpit, and climbed inside a tank and sat in the drivers seat. The scouts and adults walked through an underground bunker that would be used in case of disaster. Most of the scouts liked the decontamination unit

in the bunker. The Scouts also tried their skills at the tomahawk toss and even made time for a basketball game.

Lake Huron Area Council has seven districts and each district was required to make a gateway. Troop 995 belongs to the "AuSable District," and the gateway they built was based on the AuSable River theme with a kayak, paddles and a sign made from small logs spelling AuSable. Troop 979 also of Grayling helped in the construction of the gateway, as well as Scouts from other troops in the district. Eight Troops from AuSable District represented themselves by placing their Troop flags along side of the Gateway. Troop 995 and 979 of

Grayling spent one evening before the outing to get the Gateway pre-built and ready.

"The highlight of the weekend was the closing ceremony on Saturday evening. The scouts were able to indulge in a spectacular laser show held outside. It was a great way to close an excellent weekend," said Scoutmaster Jim Pickell.

Troop 995's next big adventure will be staying aboard a World War II Submarine, the USS Silversides. The USS Silversides was commissioned eight days after the attack on Pearl Harbor.

Any boys interested in seeing what Boy Scouts can offer, please call Scoutmaster Jim Pickell at 348-2870.

On The Ballot: November 2 General Election – Frederic Township

Frederic Township will have two contested races and two uncontested races on the November 2 general election ballot.

Candidates for township clerk (Nancy L. Bindschatel – Democrat, incumbent) and township treasurer (Sandra Barber – Democrat, incumbent) will not face opposition on the November 2 ballot.

In the race for township supervisor, Democrat William T. Johnson, the incumbent, will face Republican Jeffrey S. Kea, a trustee on the Frederic Township Board.

The trustee race will feature two Democrats and two Republicans: Donna Masker (R), Sam Moore (R), Ernest Barber (D, incumbent), and Geraldine Gail Smith (D).

The Crawford County *Avalanche* mailed questionnaires to each candidate in a contested race and their responses were the basis for the following brief profiles:

William T. Johnson

Democrat (Incumbent)

Running For: Supervisor

William T. Johnson has been on the Frederic Township Board for four years, with one year as township supervisor. Johnson is retired, following 30 years with the Crawford AuSable School District and 28 years with the Michigan Army National Guard.

"I want to do all I can for the township and I think that I have a lot to offer. I will be a full-time supervisor and hold regular office hours," Johnson said.

If elected, he hopes "to help clean up the township and keep what has been started going. (I would) try to bring economic development into the township," Johnson said.

The main problems facing the township are "the lack of a neighborhood school, the lack of economic development in the Frederic area and lack of youth programs in our area. Our children are forced to travel to Grayling for programs, we need more in Frederic."

Johnson is married with four children and three grandchildren.

He enjoys hunting, fishing, boating, and spending time with his family.

MILITARY NEWS

Navy Seaman James A. Kittle, son of Deborah Gansden of Higgins Lake, Mich. and Alfred Gansden of Higgins Lake, Mich., recently participated in the two largest drug seizures in history while serving aboard the guided-missile frigate USS Crommelin, homeported in Pearl Harbor, Hawaii.

Along with the guided-missile frigate USS Curtis, Kittle's unit intercepted two fishing boats loaded with more than 75,000 pounds of cocaine west of the Galapagos Islands. The drugs will be used as evidence against the 10 suspects detained during the operation. The interdiction operations were led by U.S. Coast Guard teams.

Jeffrey S. Kea

Republican

Running For: Supervisor

Jeffrey S. Kea, a District Sales Manager, is a trustee on the Frederic Township Board and a member of the township's planning commission. He is a graduate of Grayling High School and has a BBA in Marketing and Management from Northwood Institute.

"I would like to play a greater role in goal setting and problem solving for the community in which my family lives and to give back a little to the community that I grew up in, benefited from, and enjoy today," Kea said. "I feel I have much to offer the township with the compilation of my education, work experience, and strong interest in governmental activities."

"As Frederic Township Supervisor, I would work as a facilitator with fellow board members and the participating constituency to: 1) provide taxpayers an efficient, provident working government despite the economic situation encountered; gear tax levels to meet public needs, not budgets geared to spending all available revenue; 2) pursue and procure available grants that would enhance current services or enable tax savings to the payers; 3) maintain the board's focus on meeting those public needs that benefit the entire community and avoid intrusions into what should remain private endeavors; 4) improve upon current methods of communication to better inform citizens as this is the key to generating greater involvement; 5) maintain, and improve where feasible, one of the best managed and staffed volunteer township EMS/fire departments in northern Michigan; look at ways to shore up its ability to provide timely emergency service and fire protection to all of Frederic Township's main population centers," he said.

The main problems facing Frederic Township and Crawford right now are, "The state DNR's proclaimed inability to pay taxes on its holdings despite the already reduced tax obligations provided by its 'Swamp Tax' rate and its

William T. Johnson

Jeffrey S. Kea

'Payment in Lieu of Taxes' scheme. This is particularly damaging to Crawford County and Frederic Township due to their large composition of public lands. While threatening non-payment of even those reduced fees the state continues to acquire additional property from the private sector, rather than acknowledging that it may already hold more land than it can afford. Coupled with reductions in revenue sharing by the state, the ability of the county and its townships to provide even basic services becomes stressed.

"Loss of local authority to higher government entities is also a problem that should concern every citizen. Incremental losses of local control have occurred over time and continue today. Effective tactics employed by higher entities include the 'consolidation of services to save on budget' approach and the use of regulatory statutes to address unsubstantiated environmental threats. Whether the budgetary savings or environmental benefits ever materialize is irrelevant as the cost in local authority and auton-

omy is always too great," Kea said.

Kea and his wife Anne Marie have three children: Jack, 6; Natalie, 4; and Eli, 3.

In his spare time, he enjoys reading, fishing, hunting, and golfing. Kea also serves as a Deacon at Calvary Baptist Church and as an assistant leader in its AWANA Youth Program and has coached 4-H Tee Ball for the past two seasons.

National renewable energy standard would increase jobs, save money, report says

by Zachary M. Peterson
Capital News Service

People need jobs and people want to save money.

A report by the Union of Concerned Scientists says that a national renewable electricity standard (RES) would help achieve both.

A RES would require electric utilities to provide a set amount of electricity from renewable sources: wind, solar, geothermal and bioenergy. The U.S. Department of Energy could implement such a program.

Several utility companies, including ones serving Cadillac, Grayling and Mackinaw City, are already active in the field.

The UCS report stresses the importance of a national standard because the use of natural resources and the environment affects all states. "All states benefit from clean air," said Jeff Deyette, an energy analyst for UCS, a nonprofit group of environmentally conscious scientists and citizens.

In Michigan, the analysis found that a 20 percent standard

would create new jobs and save consumers money by 2020. It projects 4,950 new jobs in the manufacturing, construction, operation and maintenance of renewable energy industries in the state.

And residential consumers would save an estimated \$440 million in energy costs by 2020.

David Gard, the energy policy specialist for the Michigan Environmental Council, said Michigan would benefit greatly from renewable energy sources.

"Michigan imports all its coal and three-fourths of all the natural gas used to make electricity. Anything we can do to ward off the export of dollars from the state is good for Michigan," he said.

Richard Vander Veen, president of Mackinaw Power LLC, said renewable energy is important for national security. Vander Veen's Lowell-based Bay Windpower Co. constructed commercial wind turbines around Mackinaw City in 2001.

Renewable energy "is the first line of defense against not being

dependent on foreign fuel," Vander Veen said.

However, some experts question whether a RES would guarantee jobs and lower electricity costs.

"At least initially, the price of renewable energy is higher and there are high front-end costs, especially with solar and wind power," said economics professor Paul Isely of Grand Valley State University.

Isely said that job creation would depend on the demand for alternative power sources. "If there's a big push towards new energy sources, then more jobs will be created in Michigan. We are already on the forefront."

Some companies are already involved in renewable energy projects around the state.

For example, Decker Energy International of Winter Park, Fla., operates two biomass plants in Michigan: the Grayling Generating Station and Cadillac Renewable Energy. The plants are fueled by wood waste from local lumber and paper mills.

And Jerry Decker, founder of

Decker Energy, said that his company is the largest property taxpayer in Grayling.

Decker, who has been in the renewable energy business for 23 years, is now investing in bringing wind power to Michigan, including plans for 100 wind turbines in Mason County.

"Michigan is behind in producing renewable energy and must get with it for the good of the country and the good of the world," he said.

Greg Mulder, a power specialist for Coffman Electrical Equipment Co. in Grand Rapids, stresses the need for incentives to get more businesses involved in renewable energy.

"An RES would give companies the proper incentive to take advantage of renewable energy projects. Utilities emphasize the extra cost for renewables initially, but fail to mention that renewable energy will stabilize fuel prices in the long term," Mulder said.

Family Day at Dennon Museum Center

The Dennon Museum Center at Northwestern Michigan College in Traverse City presents its fall Family Day on October 9 from 11 a.m. to 3 p.m. All the day's activities relate to the theme of our current exhibitions, Copley to Cassatt: American Paintings from the Detroit Institute of Arts and MENTORS, Copley to Cassatt: American Paintings from the Detroit Institute of Arts chronicles American painting from Colonial times to the early 20th century.

The exhibition features works by such noted artists as John Singleton Copley, James McNeil Whistler, George Inness, Winslow Homer, Robert Henri and Mary Cassatt.

Visitors may start the day by attending the Traverse Symphony Orchestra's Family Symphony concert, Picture the Wind, in Milliken Auditorium featuring their Woodwind Quintet. This concert blends images from the Museum's American Painting

exhibition with related music - exploring the links between music and visual art. The 50-minute "kid-length" program starts at 11 a.m. Immediately following, visitors are invited to the Museum galleries to partake in an assortment of activities that will be available for children of all ages including: Hands-on Art Activities with museum docents, Gallery Hunts, Early American Kid's Games, A chance to have your caricature drawn, Art Videos and more.

Tickets for the TSO concert are \$7 for adults and \$5 for children under 13, which includes admission price to the Dennon Museum Center's Family Day. Family Day admission is \$2 for children and \$4 for adults and free to Museum Members.

For more information on the Museum go to www.dennosmuseum.org or call 231-995-1055. The Dennon Museum Center is located at 1701 East Front Street, Traverse City.

Meet the Candidates Night draws crowd of more than 200

More than 200 citizens, including dozens of educators and students, attended Monday's "Meet the Candidates Night" to hear those running for Michigan House of Representative seats in Districts 103 and 106 speak on important issues facing voters.

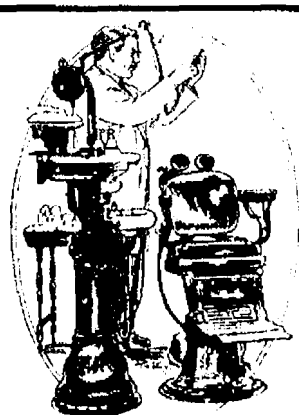

Education was the key topic of discussion. "The challenges that we are facing in public education today are very great, and they're getting worse," said Bob Jones, COOR ISD superintendent, who organized the event.

At the podium, State Rep. Matt Gillard (D-103rd) addresses the audience. The others, from left, Richard Fortier, of Alpena, the Gillard's Republican opponent; moderator Tony Derezinski, director of government relations for the Michigan Association of School Boards; Joel Sheltrown, of West Branch, the Democratic candidate for the 106th District, Bruce Rendon, of Lake City, Sheltrown's Republican opponent; and Dallas Smock, field director for U.S. Rep. Dave Camp.

Voters listen attentively as candidates discuss a wide range of issues, from the problems facing educational funding throughout the state, to the critical loss of jobs and how it affects Michigan's struggling economy.

October is...

Dental Hygiene Month

A healthy mouth is a happy mouth

October celebrates National Dental Hygiene Month because keeping up with proper Dental Hygiene is very important to your health. Whether you are young or old, you should follow these 8 basic steps to creating that beautiful smile you always dreamed of.

1. Brush front and back of each tooth after every meal.
2. Be sure to brush the chewing surface of each tooth.
3. You only need a tiny bit of toothpaste.
4. Be gentle.
5. Floss every day.
6. Use a fresh section of floss for each tooth.
7. Move floss around teeth in a "C" shape.
8. Slide the floss up and down between teeth slowly.

Make an appointment with one of these local dentists today!

Hundreds explore future during College Night at Kirtland

Hundreds of northern Michigan high school students and their families attended "College Night" recently at Kirtland Community College. "We had another very successful event," said Susie Lewis, Kirtland admissions coordinator. "It was great to see so many college-bound students with their parents exploring their future." Kirtland was among nearly 40 colleges, universities, and military service organizations on hand. For more information about Kirtland, phone (989) 275-5000, ext. 284, or visit the college's website at: www.kirtland.edu

An alternative to burning leaves this fall

Don't burn those leaves! is the message this autumn from the Department of Environmental Quality (DEQ) and the Department of Natural Resources (DNR).

Leaf burning creates air pollution, contributes to breathing problems, is a serious fire hazard, and illegal in many Michigan cities and communities.

Burning leaves generate ash (particulate), and also releases carbon monoxide and hydrocarbons that contain toxic irritants and carcinogenic compounds that may be harmful to children

and people with allergies, asthma, or heart disease.

In locations where burning is allowed, homeowners are reminded: 1. obtain a permit before you burn, and 2. you are responsible for damage which results from a fire you start.

Michigan Law prohibits the disposal of leaves and yard waste in landfills, but there is an alternative: citizens are encouraged to compost or mulch leaves into a valuable resource instead.

Mulching and composting are easy, safe, and environmentally sound ways to manage most yard waste. The easiest is to simply mow over leaves with a lawn-mower to chop them into fine mulch.

Leaving the mulch on your lawn provides nutrients your lawn will need to look great next spring.

Crawford County residents who do not want to do their own composting may bring yard waste and/or small brush to the Crawford County Transfer Station located on North Down River Road for composting. Composted materials may be picked up at the station also.

There is no charge for county residents who are recycling materials or adding to or removing compost material.

City residents who wish to recycle their yard waste should take it to the Transfer Station. Bags that are left by the curb and

picked up by Waste Management go directly to the county landfill.

If you prefer not to take advantage of the local services regarding composting, the DEQ has a brochure on home composting available at www.michigan.gov/deqair or by calling 1-800-662-9278.

Another source of information regarding composting is through MSU extension services or through the U.S. Environmental Protection Agency at www.epa.gov/grtlakes/sea-home/housewaste/src/compost.htm.

Crawford County residents who want to burn their leaves may call the DNR burn permit number at 344-2628.

Conservancy wins \$8,000 grant

Headwaters Land Conservancy recently received an \$8,000 grant from REI (Recreational Equipment Incorporated), a consumer cooperative specializing in outdoor gear and clothing. Employees of the Northville and Troy stores

nominated the Headwaters Land Conservancy for the award.

The money will be used to distribute land protection information to landowners in the AuSable River region. It will also be used to provide for a complimentary land protection meeting for landowners, and fund membership outreach in the AuSable River region.

Kirt Manecke, the conservancy's Director of Marketing said, "We are very grateful their employees nominated us for this grant award as time is shrinking to protect land along the AuSable."

The Conservancy uses permanent conservation easements to protect the lands. A conservation easement is a voluntary legal agreement between a landowner and a land conservancy. It allows a landowner to permanently protect land and limit

future development in order to protect the conservation values of the land, while allowing the landowner to retain ownership and the ability to sell.

Along with possibly reducing estate taxes, landowners who place a conservation easement on their property may receive an income tax deduction.

Land protected with a conservation easement remains private and not open for public access. A building envelope for a future home site(s) can be built into the conservation easement agreement as long as it does not disrupt the conservation values of the property. The Conservancy monitors conservation easements annually.

Since the formation of the Headwaters Land Conservancy in 1993, over 2,588 acres are protected to date, with another 2,000 acres in process.

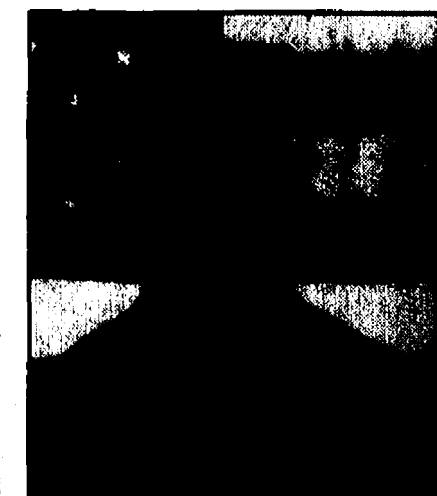

MILITARY NEWS

James David Burton III, of Grayling recently graduated from basic training for the

United States Army at Fort Benning, Georgia.

He is currently in San Antonio, Texas, where he is completing his Advanced Individualized Training in Combat Medicine. After a brief stint in Germany, he will join his fellow American soldiers in Iraq.

David is a 2003 graduate of Grayling High School and the son of Dale and Janna Metzger of Grayling.

PIZZA HUT INTRODUCES PIZZA HUT ITALIAN BISTRO IN GRAYLING

WE'RE BUILDING
THE FUTURE

AMERICA'S FAVORITE PIZZA PLACE TO OFFER MENU INSPIRED BY ITALY
"We're still Pizza Hut". Our customers will still be able to get their favorite pizzas at Pizza Hut Italian Bistro. said Jim Gerlach, District Manager for Alpacca Enterprises (Pizza Hut Franchisee for Petoskey/Grayling, MI). "Now, we'll offer pasta dishes inspired by the best of Italy."

From the moment guests enter the new Pizza Hut Italian Bistro and are welcomed at the door by a gracious host, it will be clear there is something new and special happening at this Pizza Hut. First, Pizza Hut Italian Bistro has an expanded menu and will feature more than 25 new items, including entree salads, oven-toasted sandwiches, like the Honey Mustard Chicken Club, made with a light sourdough round piled with tasty toppings...generous portions of Italian inspired sautéed pastas, such as Spicy Italian Sausage and Chicken Florentine; and gourmet Bistro pizzas, just the right size for one, made with a soft and sweet crust, flavorful sauces and unique toppings, including the Classic Margherita.

The menu is not the only difference. The always-casual, family-friendly Pizza Hut atmosphere has a fresh, new look inside and out.

Varsity girls win two league games

GHS posts third straight win with 62-53 victory vs. Elks

■ Vikings defeat visiting East Jordan Red Devils 63-53 on Tuesday

Grayling High School's Vikings won both of their varsity girls basketball games last week, defeating Lake Michigan Conference opponents from East Jordan and Elk Rapids on Tuesday and Thursday. The victories improved Grayling's season record to 5-5.

On Tuesday, the Vikings defeated the East Jordan Red Devils 63-53 at GHS.

Grayling led 17-8 after one quarter and had a 33-17 advantage at halftime. Foul trouble started to catch up to the Vikings in the second half and East Jordan pulled within seven with a 20-11 third quarter.

The Red Devils opened the fourth period with a 6-1 run to cut Grayling's lead to two. Lay-ups by Michelle McGuire and Katie Baynham put the Vikings up by six.

East Jordan scored a shot inside and Grayling answered with a lay-up by Baynham. A jumper by East Jordan pulled the Red Devils back within four. Grayling scored two on a put-back by Mandy Czapek.

Two free throw shots pulled East Jordan to within four, 53-49. A shot inside by Baynham put the Vikings back up by six. East Jordan scored to cut

Win streak ends at five games

TC St. Francis wins Lake Michigan Conference battle

■ Vikings fall to 5-1 with 31-18 loss to Gladiators on Friday at GHS

by Caleb Casey
Senior Staff Writer

The GHS varsity football team's winning streak ended at five games on Friday night with a 31-18 loss to the Gladiators of Traverse City St. Francis at Grayling High School.

The Gladiators got on the board first with a seven-play, 58-yard touchdown drive following a Grayling punt. Traverse City St. Francis finished the series with a 16-yard TD run and scored the kick on the extra point try to lead 7-0.

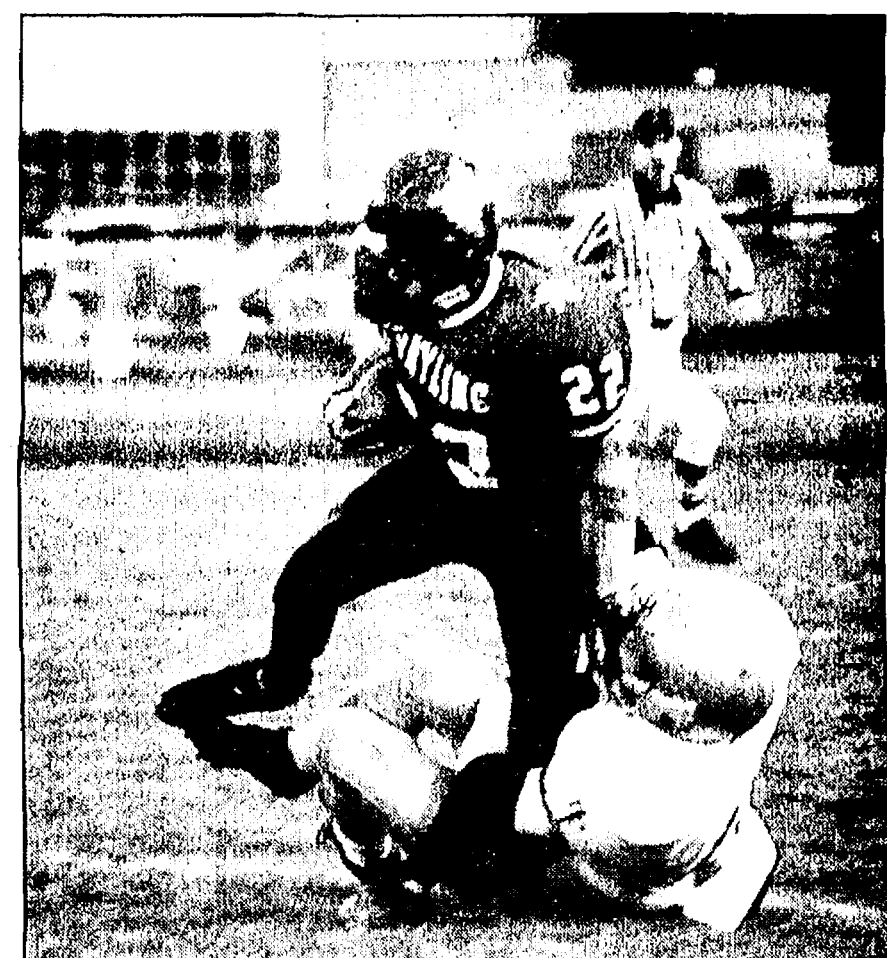

Grayling answered with a 17-play, 78-yard drive for a touchdown. The possession included

completed passes to Gibson Tobin and Eli VanNuck, several runs by Joey Bancroft and Kevin LaTrelle (including a 28-yarder by Bancroft), and two quarterback sneaks for first downs by Bobby Starks — one on 3rd and inches and one on 4th and inches.

The Vikings capped the drive with a 4-yard touchdown pass from Starks to VanNuck on 3rd and goal. The extra point try failed. Traverse City St. Francis led 7-6.

TCSF posted a big return on the kick-off and started at Grayling's 22-yard line. Grayling's defense held, with the series including a QB sack by VanNuck for a loss of seven. The Gladiators kicked a field goal on 4th and 12 to take a 10-6 lead.

JV Vikings win vs. TC St. Francis Gladiators 34-13

■ Grayling defeats Traverse City St. Francis in JV football match

Grayling High School won last Thursday's junior varsity football game vs. the visiting Gladiators of Traverse City St. Francis by a final score of 34-13.

"With 1:36 left before the half, our offense drove 89 yards to score and lead 20-7," Coach Chris Kucharek said. "Our defense played extremely well, holding TC to 13 points and causing some turnovers."

On offense, quarterback Jeff Bancroft was 8 for 14 for 188 yards with three touchdowns. Derek Etzler caught two passes for 115 yards and two touchdowns; Nick Parkinson had three receptions for 27 yards; and Adam Gabriel caught one ball for 40 yards.

Ryan Cooper finished with 156 yards on the ground on 22 carries with two touchdowns. Tim VanNuck carried the ball 10 times for 46 yards.

"Our offense was rolling tonight," Coach Ron Wyman said. "Our offensive line had a great game, giving Cooper and VanNuck nice holes to run through."

Ryan Cooper runs the ball for Grayling in Thursday night's contest against Traverse City St. Francis. Photo by Caleb Casey

(The team's offensive line-men are Jake Reynolds, Corey Metzger, Hank Abney, Rob Parkinson.)
The Vikings will host Boyne

City on Thursday, October 7, at 6 p.m. The Vikings will host Charlevoix on Thursday, October 14, at 6 p.m.

Late run comes up short in 42-37 loss

JV Vikings fall to East Jordan and Elk Rapids in home games

The GHS junior varsity girls basketball team outscored Elk Rapids 23-11 in the fourth quarter of last Thursday's game at Grayling High School, but lost the contest by five, 42-37.

"We were not in the game mentally in the first half with 20 turnovers," Coach Kelly McCoy said. "At the end of the third quarter the score was 14-31. Then the girls really stepped up their game in the fourth quarter. We made a run at them bringing the game down to the wire. Grayling outscored Elk Rapids 23-11 in the fourth quarter."

The Vikings had 21 steals in

the second half.

For Grayling, Jessica Bobenmoyer had 7 points, 3 rebounds, 3 blocks, 2 assists, and 2 steals; Kelly Lange had 4 points, 3 rebounds, 1 assist, and 2 steals; Ali Ferrigan had 2 points, 9 rebounds, 1 block, 3 assists, and 6 steals; Monica Leslie had 8 points, 3 rebounds, and 3 steals; Abby Wheeler had 12 points, 7 rebounds, 1 assist, and 11 steals; Amber Palmer had 2 points, 3 rebounds, 1 block, and 3 steals; Danielle Williams had 2 points and 1 rebound; and Krystal Babbitt had 2 rebounds, 1 assist, and 1 steal.

On Tuesday, the Vikings lost to East Jordan 44-35 in a game played at GHS.

"We struggled in the first half with 20 turnovers. The girls

never gave up and stepped up the second half, outscoring East Jordan 22-18. As a team we need to work on coming out strong in the first quarter," Coach McCoy said. "I am proud of our team's aggression, leading to 26 steals and 35 rebounds."

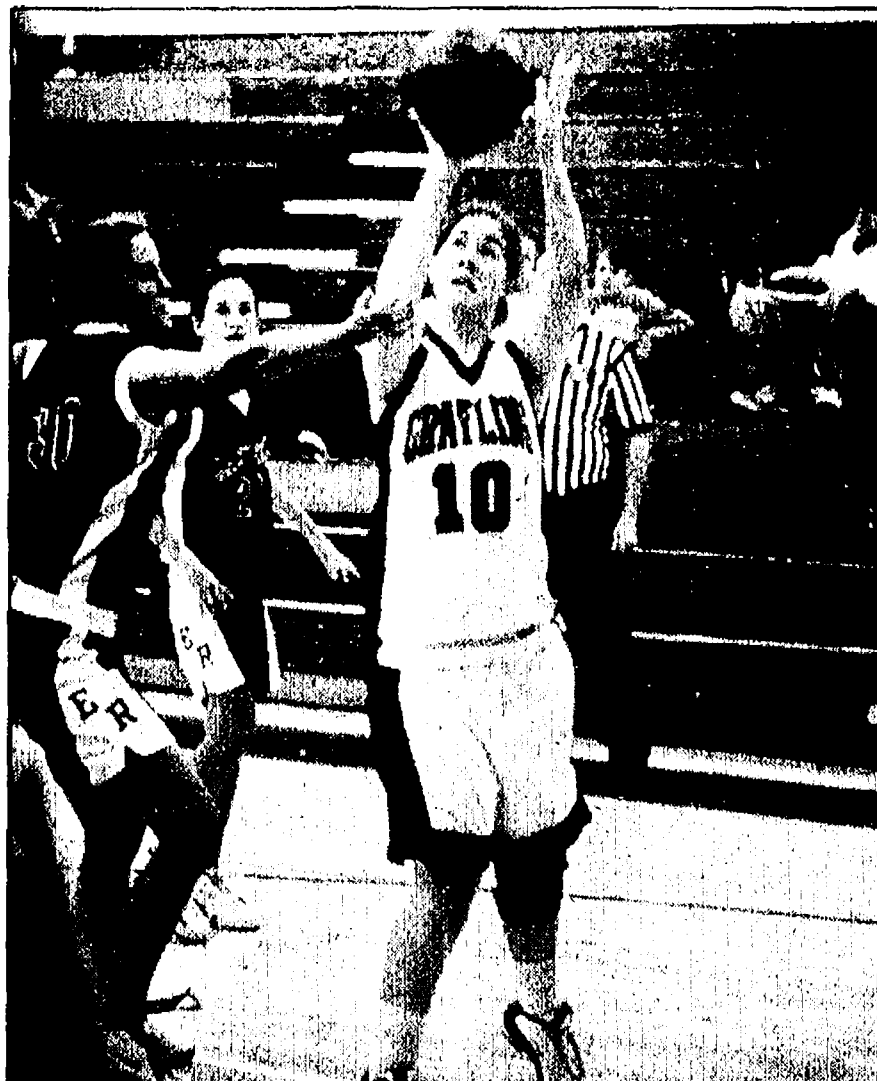

For the Vikings, Palmer had 14 points, 10 rebounds, 2 assists, and 2 steals; Wheeler had 10 points, 7 rebounds, 3 assists, and 10 steals; Bobenmoyer had 5 points, 9 rebounds, and 1 steal; Ferrigan had 2 points, 7 rebounds, 1 block, 1 assist, and 1 steal; Lange had 2 points, 1 rebound, 1 block, and 5 steals; Leslie had 2 points, 1 rebound, and 2 steals.

The Vikings will host Kalkaska on Tuesday, October 12.

9th graders win 47-29

Freshman girls basketball team defeats Elk Rapids on Thursday

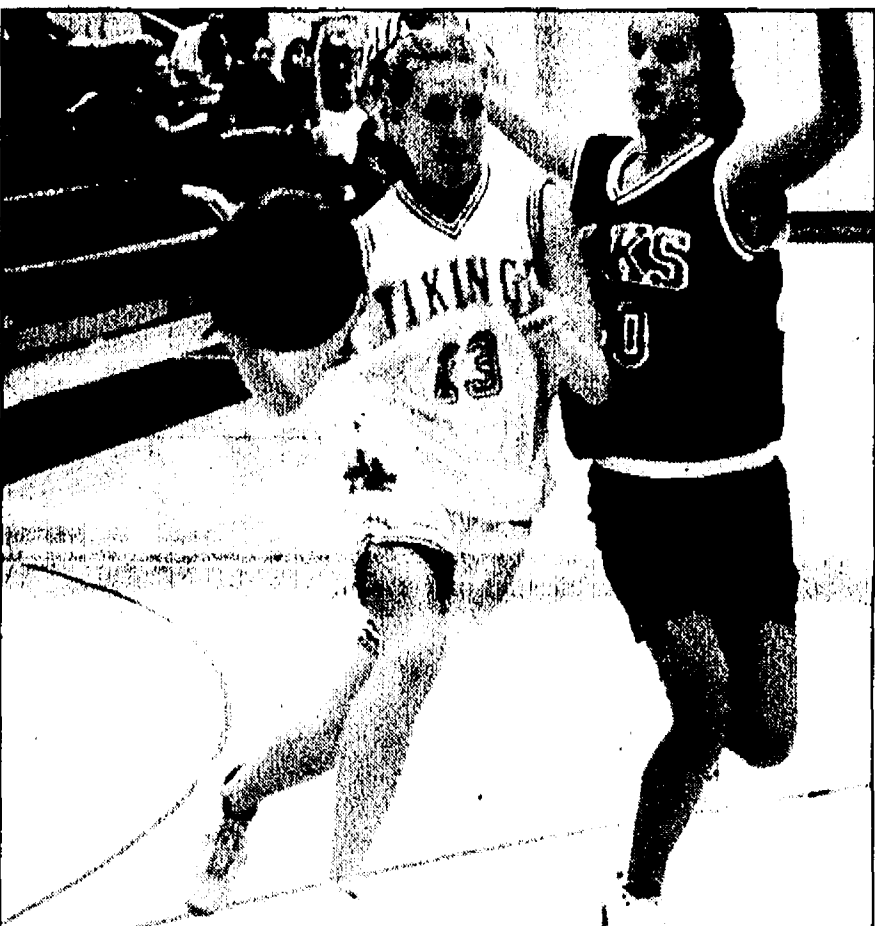

The Vikings of Grayling High School defeated the Elks of Elk Rapids 47-29 in last Thursday's 9th grade girls basketball game at GHS.

Grayling got off to a strong start and had an 11-0 lead at one point in the first quarter. GHS led 15-4 after one period and had a 33-10 advantage at halftime. The Vikings took a 41-19 lead into the fourth quarter and won by a final score of 47-29.

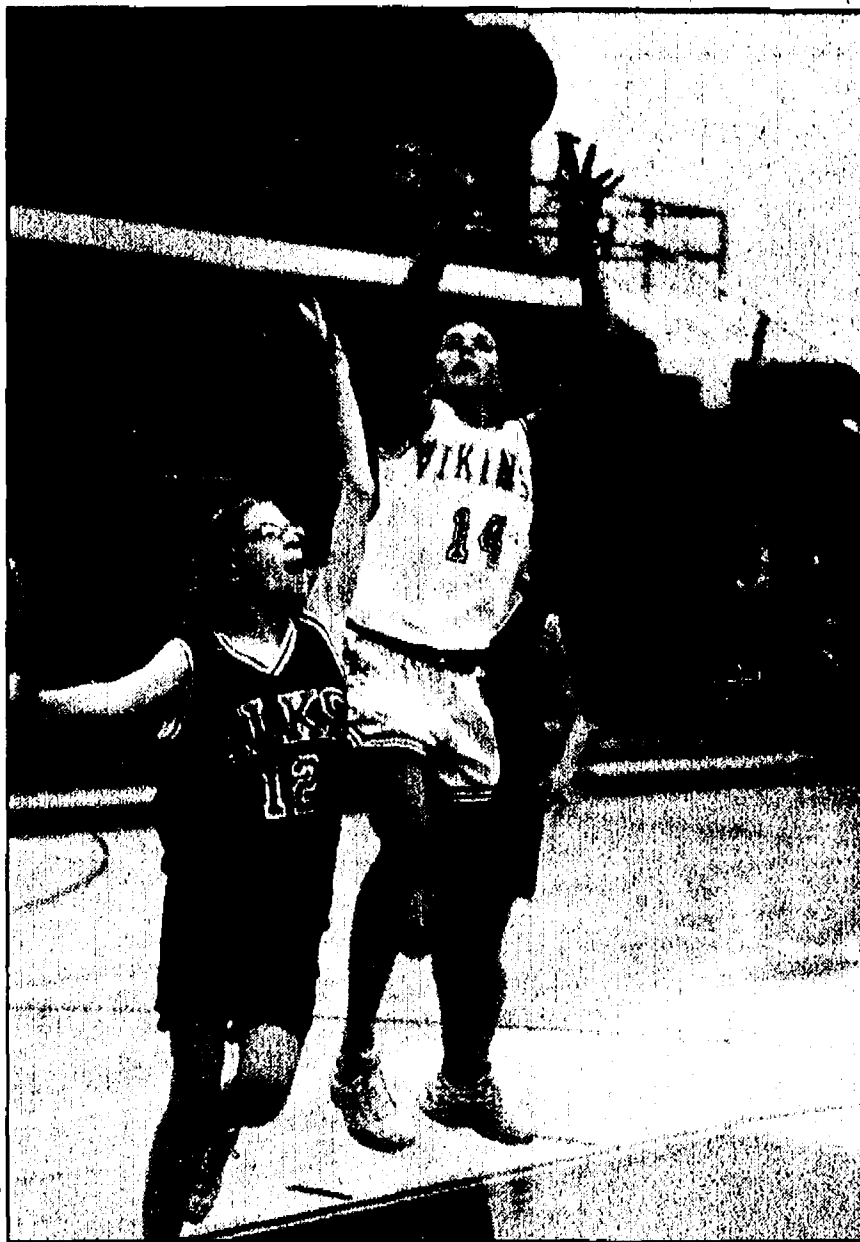

The Vikings will host Kalkaska on Tuesday, October 12, at 4:15 p.m.

Jessie Baker moves toward the basket on Thursday night.

Monica Peters gets set for an inside shot vs. the Elks last week.

REDSKINS FOOTBALL

Freshman 1

The Grayling Redskins freshman 1 team won its season finale 31-18 over the Gladwin Giants at Gladwin.

"The 'Skins played their best game of the season on both sides of the ball," Coach John Schneider said. "The score didn't reflect how dominant we were. The Giants scored two touchdowns in the final four minutes."

On offense, Zach Randall had two touchdown receptions. Jensen Aubry, Craig Collen, and Cody Meyers each had one touchdown. Jason Renaud and

Dan Sleeper both had runs for 30-plus yards.

"Luke Schneider did an outstanding job blocking on offense as well as running. The offensive line of Griffin Dean, Ryan Randall, Ethan Lewis, Joe Latusek, Austin Walesky, and Russ Stein had their best game of the season," Coach Bill Dean said.

"Cody Meyers, Luke Schneider, Zach Randall, and Ryan Randall did not allow much room to run in the game. Avery Bergman, Preston Barr, Jared Carlyle, and Devon Dawson

each had a great game on defense. Glen Larson, Ethan Lewis, and Dan Sleeper along with Craig Collen had some real nice tackles," Coach Schneider said.

The Redskins finished the 2004 season at 5-2.

In their final four games, the Redskins surrendered only 24 points, 18 of which came in the season finale.

"Coach Bill Dean and Rob Keller did an outstanding job with the kids this year and had a lot to do with the team's success," Coach Schneider said.

FOOT NOTES

by Ronald K. Olm, D.P.M.

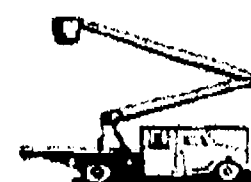

LIVING WITH GOUT

Gout is a form of arthritis that primarily attacks the big toe and causes redness, inflammation, and pain in the area. An initial attack of gout tends to last several days and disappear without treatment, but future attacks are typically more severe. To prevent repeated attacks of gout, several lifestyle choices should be made. Because gout is typically caused by an impaired ability to process uric acid, avoiding purine-rich foods like meat can help prevent episodes. Drinking enough decaffeinated, non-alcoholic beverages (water/juices) and losing weight, if necessary, can help patients manage gout. Reducing alcohol consumption and taking medications as prescribed are also recommended. Following your doctor's recommendations and treatment plan for

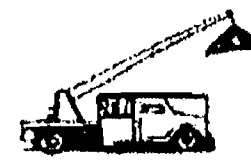

gout is important to reduce painful attacks. While our specialty at GRAND TRAVERSE FOOT & ANKLE CENTER, P.C. is feet, our work in podiatry can affect all parts of the body. With our knowledge and experience, your cooperation, teamwork with other medical caregivers, and the wonderful power of podiatry, we'll have you once again walking with a smile, when gout or other foot aches and pains have you wincing with every step, it's time to call our complete foot care facility at 922-9100 & 800-968-7440, 1209 E. 8th Street, Traverse City. Offices in Traverse City, also Kalkaska Memorial Health Center Monday & Wednesday afternoons and evenings. P.S. Ninety-five percent of gout patients are men.

Varsity girls win two league games

Continued from Page 1B

Grayling's lead to four. A free throw by Czapek put the GHS lead at five. A shot inside by East Jordan pulled the Red Devils within three, 56-53, with 1:34 left in regulation.

Baynham scored an inside shot on a pass from Trisha Petersen to put Grayling up by five. East Jordan tried for a three-pointer, missed, and Jodi Riddle rebounded the ball for Grayling. East Jordan fouled. McGuire hit both free throws to extend Grayling's advantage to seven.

Grayling got the ball back and scored two on an inside shot by Riddle. East Jordan missed a shot at the other end and the Red Devils were called for a foul on the rebound attempt. Baynham hit one of two from the line for the final point of the game. GHS won by 10, 63-53.

"This was a great team effort. Our scoring was pretty balanced. We had three girls in double figures and one with nine points. If we continue to get this type of balanced effort, the second half of our season could be pretty fun," Coach L.J. Mead said.

For Grayling, Czapek finished with 14 points, 15 rebounds, and 5 blocks; McGuire had 17 points and 3 assists; Baynham had 17 points, 5 rebounds, 2 assists, and 3 steals; and Riddle had 9 points and 13 rebounds.

On Thursday, the Vikings defeated the Elk Rapids Elks 62-53 at Grayling High School.

Grayling led 17-12 at the end of the first quarter. The Vikings

led 26-20 at halftime and had a 43-32 advantage going into the fourth quarter.

Elk Rapids scored the first four points of the fourth quarter to pull within seven. Grayling went on an 8-0 run — with a triple by Baynham, a shot inside by McGuire, a free throw by Petersen, and a put-back by Czapek — to take a 51-36 lead with about five minutes left in the contest.

Down the stretch, Petersen scored six points for Grayling — all on free throws (6 for 8). The Vikings also scored on a jump shot by Riddle and a three-point play by Baynham in the final five minutes of the game. GHS won 62-53.

Czapek finished the game with 21 points, 13 rebounds, and 9 blocks; Petersen had 11 points, 5 steals, and 2 assists; Baynham had 16 points, 11 rebounds, 3 assists, and 2 steals; Riddle had 4 points and 5 rebounds; and McGuire scored 5 points.

"Mandy Czapek is really starting to play some great basketball. She was one block away from a triple-double," Coach Mead said. "We took care of the ball, created some offense, and got another win. I am proud of the streak we have put together."

The Vikings have won three games in a row.

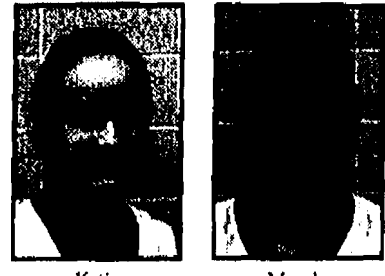

Next week, the team will host Kalkaska on Tuesday and play at Traverse City St. Francis on Thursday.

Soccer team wins in double OT

Vikings post 1-0 victory over East Jordan in game at GHS on Monday

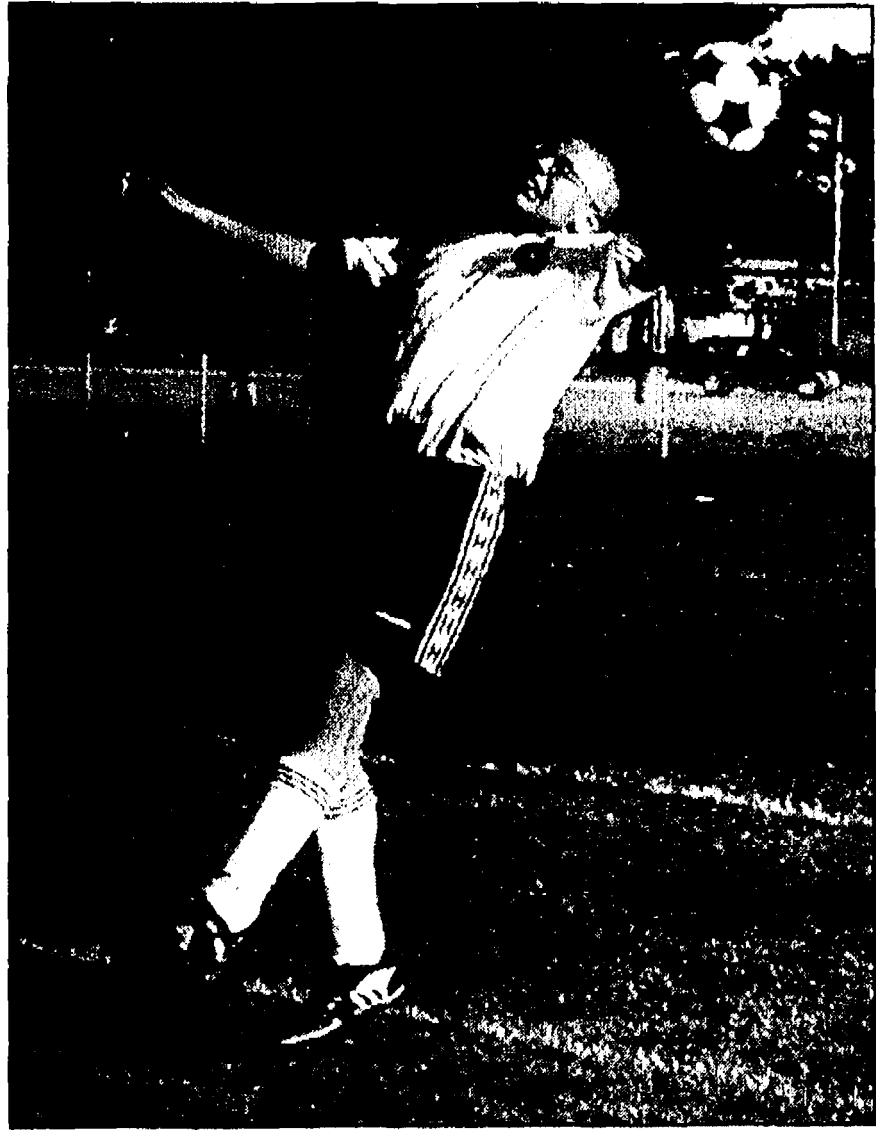

Grayling High School's varsity boys soccer team posted a 1-0 double overtime victory over East Jordan at GHS last Monday.

The Vikings played part of regulation and all of overtime with 10 players due to a red card (ejection) to Alex McNamara in the second half.

"For some teams losing a player would take the wind out, but we had players who stepped it up for those overtime minutes and that made the difference in the game," Coach Loren Cobb said.

Grayling out-shot East Jordan 21-16 in the victory and goalkeeper John Handy had 16 saves. The Vikings scored the only goal of the game 16 seconds into the second overtime period.

Grayling will host Boyne City on Tuesday, October 12, at 5 p.m.

Mitchell Salyers goes up for a header during a recent game at Viking Stadium.

Austin Andrus chases down a ball for Grayling.

Kyle Alexander looks to turn the ball upfield.

Golfers win conference match

Vikings finish two strokes under St. Francis to win league meet

Grayling High School won last Monday's Lake Michigan Conference meet at The Mallard (hosted by East Jordan).

The Vikings edged second place Traverse City St. Francis by two strokes. Team scores: 1) Grayling 148; 2) Traverse City St. Francis 150; 3) Harbor Springs 157; 4) Elk Rapids 161; 5) Charlevoix 164; 6) Kalkaska 164; 7) Boyne City 172; 8) East Jordan 184.

Individual scores for the Vikings: Derek Johnston, 38; Ryan Davis, 37; Josh Hinkle, 39; Ron Johnston, 38; James Walker, 35; Brady Ward, 48.

"I'm pretty sure our boys are understanding the importance of every stroke. This was another close match with St. Francis. An amazing round from James Walker, his first ever team victory, and first ever under par round in competition. It was also a new best ever nine hole record for us at 4 over par, bettering a 7 over, 147," Coach Herb Olson said.

Brady Ward, a senior, golfs for the Vikings.

Football team's win streak ends at five games

Continued from Page 1B

Grayling ran three plays and punted.

Traverse City St. Francis finished a 6-play, 63-yard drive with a 5-yard touchdown run on 1st and goal. All six plays were runs, including a 26-yarder. With the extra point kick, the Gladiators led 17-6.

Grayling responded with a 77-yard touchdown drive. On 1st and 10 from the Grayling 23, the Vikings picked up 12 yards on a pass from Starks to Zach Dean. On the next play, Bancroft rushed for 20 yards. A pass from Starks to VanNuck gained 16. On 3rd and 13, Starks handed off to Bancroft, who handed off to Tobin on a reverse. Tobin passed the ball to VanNuck, who caught the ball in the end zone for a touchdown. The two-point conversion try failed. TCSF led 17-12.

Traverse City St. Francis put together a long drive but Grayling's defense held near the goal line and the Gladiators came up empty. On 4th and 3, Andrew Woolsey tackled the Traverse City St. Francis ball carrier short of the first down marker and Grayling took over on downs with 34 seconds remaining in the second quarter. The Vikings took a knee to end the half.

Grayling started the second half with an 11-play, 78-yard scoring drive. The series included a 30-yard run by Bancroft and two fourth down conversions —

both of which were converted with passes from Starks to Tobin. The Vikings finished the drive with a 3-yard run by Bancroft on 1st and goal. The two-point try failed. The Vikings led 18-17.

TCSF answered with a 9-play, 55-yard touchdown drive. The Gladiators capped the series with a 1-yard run into the end zone on 2nd and goal. On the conversion try, the Gladiators tried a fake kick, but Matt Swope tackled the ball carrier to end the play short of the goal line. Traverse City St. Francis led 23-18.

Grayling moved the ball deep into Traverse City St. Francis territory, but on 4th and 3, Grayling's pass attempt fell incomplete, ending the drive.

Grayling's defense held and forced a TCSF punt. The Vikings started at their own 14. A pass to Tobin gained 20 yards and picked up a first down. Three plays later, on 4th and 6 with about 7:00 left in the game, Grayling went for it but lost yardage on a fumbled shotgun snap.

Traverse City St. Francis drove 25 yards on five plays and scored a touchdown on a 2-yard run. With the two-point conversion, TCSF led 31-18.

Grayling's final drive of the game ended on downs. The Gladiators killed the final minutes of the game and won 31-18.

On offense, Bancroft finished with 123 yards rushing on 22 carries with 1 touchdown;

VanNuck had 6 catches for 109 yds and 2 TDs; Starks completed 14 of 27 passes for 165 yards and 1 TD; Tobin had 5 catches for 50 yards and had 1 passing TD.

On defense, leading tacklers were Swope (11 tackles), Woolsey (10 tackles), and Starks (7 tackles).

"We came out and fought hard for the first three quarters. We became undisciplined in the fourth quarter and that hurt us. Also, their size and athleticism took over late in the game. Still, I was happy to see that we were not intimidated and that we came to play," Coach Ben Brock said. "We didn't expect Bancroft to have such a big night. He really came through for us and showed us what kind of a tough kid he is. VanNuck also caught his seventh TD pass in the last three games. Starks threw decent passes, as well. He fired it into a tough defense and also had a little bit of help from Tobin who made some amazing plays."

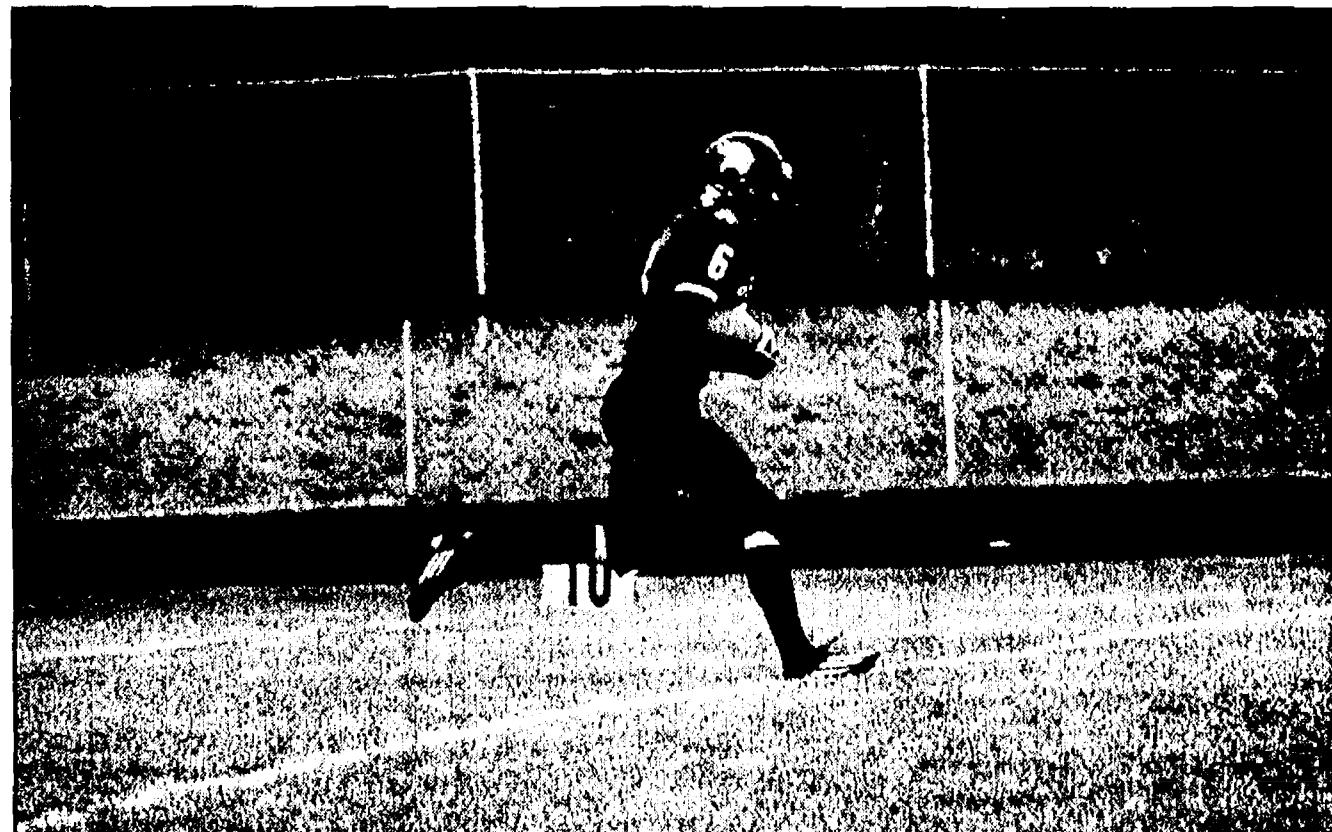

"This was a good measuring stick for us. We know what we need to work on and we will get better. That was a great St. Francis team and we had a chance to win. Maybe next time we'll overcome adversity just like they did tonight," Coach Brock said.

The Vikings (5-1 overall, 3-1 in Lake Michigan Conference play) will travel to Boyne City on Friday, October 8. The game starts at 7 p.m.

Brian Borchers carries the ball for Grayling on a kick return.

LEGAL ACTION

NOTICE OF MORTGAGE SALE PRIVATE FORECLOSURE NOTICE

This is an attempt to collect a debt and any information obtained will be used for that purpose.

DEFAULT having been made in the terms and conditions of a certain mortgage made by TIMOTHY J. ROSS and DONNA L. ROSS, husband and wife, presently of, 7139 Chaffin Road, Frederic, Michigan 49733, Mortgagors, to First Federal Savings & Loan Association n/k/a First Federal of Northern Michigan, Mortgagee, dated the 26th day of July, 2001, and recorded in the Office of the Register of Deeds for the County of Crawford and State of Michigan, on the 8th day of August, 2001, in Liber 0548 of County Records, pages 192-200, on which mortgage there is claimed to be due, at the date of this notice, for principal and interest, the sum of Sixty Three Thousand Seven Hundred Eighty Five and 85/100 Dollars (\$63,785.85). And no suit or proceedings at law or in equity having been instituted to recover the debt now remaining secured by said Mortgage or any part thereof whereby the power of sale contained in said Mortgage has become operative.

Now, therefore, by virtue of the power

of sale contained in said Mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on Wednesday, the 10th day of November, 2004, at 10:00 o'clock a.m., local time, said mortgage will be foreclosed by a sale at public auction, to the highest bidder, at the main entrance, Crawford County Court Facility, 200 W. Michigan Ave., Grayling, Michigan, being the place of holding Circuit Court for Crawford County, Michigan, of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon at 7.75% per annum and all legal costs, charges and expenses, including the attorney fees allowed by law, and also any sum or sums which may be paid by the undersigned, necessary to protect its interest in the premises, which said premises are described as follows: All that certain piece or parcel of land situated in the Township of Frederic, County of Crawford, and State of Michigan and described as follows, to-wit:

Parcel 26C: Part of the Southwest 1/4 of the Southeast 1/4 of Section 26, Town 28 North, Range 4 West, Commencing at the South 1/2 corner of said Section 26; thence North 89 degrees 45 minutes 00 seconds East along the section line, 129.58 feet; thence North 00 degrees 50 minutes East, 656.52 feet to the Point of beginning; thence North 00 degrees 50 minutes East 656.52 feet; thence North 89 degrees 53 minutes 08 seconds East 100 feet; thence

South 00 degrees 50 minutes West 656.40 feet; thence South 89 degrees 49 minutes 04 seconds West 100 feet to the Point of Beginning.

Together with an Easement for ingress and egress over Parcel 26-D (Property lying South of Subject Property), as reserved in Deed recorded in Liber 196, Pages 474 and 475, Crawford County Records. This easement shall continue so long as the same may be necessary and required for ingress and egress to and from Parcel 26-C after which it shall cease and come to an end. The redemption period shall be six (6) months from the date of such sale, unless determined abandoned in accordance with 1948CL 600.3241a, in which case the redemption period shall be 30 days from the date of such sale.

Notice Of Mortgage Foreclosure Sale

THIS FIRM IS A DEBT COLLECTOR ATTEMPTING TO COLLECT A DEBT. ANY INFORMATION WE OBTAIN WILL BE USED FOR THAT PURPOSE. PLEASE CONTACT OUR OFFICE AT THE NUMBER BELOW IF YOU ARE IN ACTIVE MILITARY DUTY.

MORTGAGE SALE Default has been made in the conditions of a mortgage made by Perry J. Fremont Jr., a single man, to Old Kent Mortgage Company (now by various resolutions duly known as Fifth Third Mortgage Company), mortgagee, dated June 14, 1999 and recorded July 7, 1999 in Liber 485, Page 353, Crawford County Records.

The sum of Forty-Five Thousand Eight Hundred Thirty-Nine and 43/100 Dollars (\$45,839.43) including interest at the rate of 7.38% per annum.

Under the power of sale contained in the mortgage and the statutes of the State of Michigan, notice is hereby given that the mortgage will be foreclosed by a sale of the mortgaged premises, or some part of them, at public venue at the front door of the County Building in Grayling in Crawford County, Michigan at 10:00 a.m. on October 20, 2004.

The premises are located in the Township of Lovells, Crawford County, Michigan, and are described as: Lots 35, 36, 37 and 38 Northern Heights Subdivision according to the recorded plat thereof as recorded in Liber 02 of Plats page 27, Crawford County Records.

The redemption period shall be 6 months from the date of such sale, unless the property is determined abandoned in accordance with MCLA 600.3241a, in which case the redemption period shall be 30 days from the date of the sale. TO ALL PURCHASERS: The foreclosing mortgagee can rescind the sale in the event a 3rd party buys the property and there is a simultaneous resolution with the borrower. In that event, your damages, if any, are limited solely to the return of the bid amount tendered at sale.

ORDINANCE #8 SOUTH BRANCH TOWNSHIP ORDINANCE FOR DIVISION OF LOTS IN RECORDED PLATS

Pursuant to Section 560.263 of Act 288, P.A. 1967, as amended, the Subdivision Control Act, every division of a lot in a recorded subdivision shall be subject to the provisions of this ordinance. The owner seeking approval to divide a lot shall file an application in affidavit form with the Township supervisor or appointee of the Township Board, which shall set forth the reasons for the proposed division and shall be accompanied by 3 copies of an illustrative sketch or drawing, showing original and resulting dimensions. Where the application states that the purpose is to add to adjoining existing building sites, and not to create separate building sites, the township board may approve the application when it is satisfied no building permit necessary. Where a separate building site is being created by division of a lot in a recorded plat, no building permit shall be issued, or any building construction commenced, until the suitability of land for safe installation of a septic tank individual well has been approved by the county (or district) health department. A copy of the health department approval must be filed with the Township, prior to the start of construction. No lot in a recorded plat shall be divided into more than four (4) parts and resulting building lots shall not be less in area than permitted by the controlling zoning ordinance. In no event shall it conflict with current controlling ordinance governing size and frontage.

Motion moved by Smith, Seconded by Luck.

Roll call vote:
Ayes: Musseiman, McGillis, Luck, Myers, Smith.
Nay: None
Absent: None
Date Passed: 9/14/04

NOTICE TO BIDDERS

Please be advised that Northern Lakes Community Mental Health Authority (NLCMH), a governmental entity, plans to issue Request for Proposals No. 04-002 on October 4, 2004. The RFP invites sealed bids from persons or entities qualified to assume the operation of six specialized residential care facilities in Wexford and Roscommon Counties and a Community Living Center in Cadillac. These seven facilities are currently operated directly by NLCMH.

The RFP, which contains instructions to bidders, will be posted to the Web at <http://www.northernlakescmh.org> on October 4, 2004. The deadline for responding to the RFP is the close of business on November 1, 2004.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that on October 19, 2004, the Michigan State Hospital Finance Authority ("MSHFA") will hold a public hearing for purposes of federal tax law with respect to the proposed issuance by MSHFA of one or more series of its hospital revenue bonds (the "Bonds"), in an amount not to exceed \$125,000,000. The proceeds of the Bonds will be loaned to Trinity Health Corporation (the "Borrower"), which is the sole corporate member of Trinity Health - Michigan (formerly known as Mercy Health Services and Sisters of Mercy Health Corporation), and will be used to finance, refinance or reimburse the costs of the Project (as defined below) and pay certain expenses incurred in connection with the issuance of the Bonds. The "Project" consists of additions and improvements to, and equipment for hospitals or other health care facilities owned by the Borrower or related healthcare corporations at the following locations: (A) facilities owned and operated by Trinity Health - Michigan consisting of (1) St. Mary Mercy Hospital, located at 36475 Five Mile Road, Livonia, Michigan; (2) Saint Joseph Mercy Health System, located at 5301 East Huron River Drive, Ann Arbor, Michigan, at 620 Byron Road, Howell, Michigan and at 7575 Grand River Road, Brighton, Michigan; (3) Mercy General Health Partners, located at 1500 East Sherman Boulevard, Muskegon, Michigan; (4) Mercy Hospital, located at 2601 Electric Avenue, Port Huron, Michigan; (5) Trinity Health - Michigan, located at 29000 Meadowbrook Road, Novi, Michigan; (6) Mercy Hospital - Cadillac, located at 400 Hobart Street, Cadillac, Michigan; (7) Mercy Hospital - Grayling, located at 1100 East Michigan Avenue, Grayling, Michigan, 2585 West Houghton Lake

Drive, Prudenville, Michigan and 234 Lake Street, Roscommon, Michigan; (8) Saint Mary's Mercy Medical Center, located at 200 Jefferson Street, SE, Grand Rapids, Michigan; and (9) Saint Joseph Mercy Oakland, 44405 Woodward Avenue, Pontiac, Michigan 48341 and (B) facilities owned and operated by Battle Creek Health System, located at 300 North Avenue and 165 Washington Avenue North, Battle Creek, Michigan. All of the facilities financed or refinanced with the proceeds of the Bonds are owned and operated by Trinity Health - Michigan, except the facilities located at 300 North Avenue and 165 Washington Avenue North, Battle Creek, Michigan, which are owned and operated by Battle Creek Health System.

The hearing will commence at 9:00 a.m. and will be held in the Treasury Bond Finance Board Room, 1st Floor, Treasury Building, 430 West Allegan, Lansing, Michigan 48922. Interested persons wishing to express their views on the issuance of such Bonds or on the nature and location of the facilities proposed to be financed or refinanced will be given an opportunity to do so at the public hearing. Written comments will be accepted by MSHFA at Michigan State Hospital Finance Authority, c/o Executive Director, PO Box 15128 Lansing, Michigan, 48901, but must be received on or before the date and time of the hearing.

The Bonds will be limited obligations of MSHFA payable only from loan repayments to be made to MSHFA and certain funds and accounts established by or pursuant to the bond indenture(s) under which the Bonds will be issued. The Bonds will not be a general obligation of MSHFA and will not be a debt of the State of Michigan or any political subdivision of the State. MSHFA has no taxing power and the issuance of the Bonds will not obligate the State of Michigan or any political subdivision of the State to levy or pledge any form of taxation for the Bonds or to make any appropriation for the payment of the Bonds. The hearing will provide a reasonable opportunity for expression of opinion, argument on the merits and introduction of documentary evidence pertaining to the proposed issuance of the Bonds.

Dated: September 23, 2004

Thomas Letavis
Executive Director
Michigan State Hospital Finance Authority
Treasury Building
430 West Allegan
Lansing, Michigan 48922
Telephone: 517-335-0994

Notice Of Mortgage Foreclosure Sale

THIS FIRM IS A DEBT COLLECTOR ATTEMPTING TO COLLECT A DEBT. ANY INFORMATION WE OBTAIN WILL BE USED FOR THAT PURPOSE. PLEASE CONTACT OUR OFFICE AT THE NUMBER BELOW IF YOU ARE IN ACTIVE MILITARY DUTY.

ATTN PURCHASERS: This sale may be rescinded by the foreclosing mortgagee. In that event, your damages, if any, shall be limited solely to the return of the bid amount tendered at sale, plus interest.

MORTGAGE SALE - Default has been made in the conditions of a mortgage made by Harold Johnson a/k/a Harold R. Johnson and Roberta M. Johnson, husband and wife, original mortgagor(s), to First Chicago NBD Mortgage Company, Mortgagee, dated November 9, 1996, and recorded on December 10, 1996 in Liber 422 on Page 481, and assigned by said Mortgagee to Mortgage Electronic Registration Systems, Inc. as assignee by an assignment dated June 1, 1999 recorded on November 2, 1999 in Liber 494 on Page 338, in Crawford county records, Michigan, on which mortgage there is claimed to be due at the date hereof the sum of Thirty-Six Thousand Nine Hundred Twenty-Four And 09/100 Dollars (\$36,924.09), including interest at 8.35% per annum.

Under the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises, or some part of them, at public venue, at the Front door of the County building in Grayling at 10:00 AM, on October 27, 2004.

Said premises are situated in Township of Lovells, Crawford County, Michigan, and are described as: The North 1/2 of the North 1/2 of the Northeast 1/4 of the Northeast 1/4 of Section 29, Town 28 North, Range 1 West.

The redemption period shall be 12 months from the date of such sale.

PUBLIC NOTICE TO RESIDENTS WITHIN 300 FEET

Frederic Township residents to be notified the Zoning Board of Appeals will be holding a public hearing on October 18, 2004, at 7:00 p.m. in the Frederic Township Hall, located at 7564 C. R. 612, to hear the following case:

2004 Z 504 Owner: Gerald & Judy Dill, Petitioner
8661 Partridge Roost
Frederic Township
Parcel # 20-031-019-005-070-00

The Petitioner is requesting a variance in order to subdivide his property into smaller parcels. Two out of the four parcel divisions do not comply with Frederic Township's Parcel Division Ordinance (2000-4) which requires no more than a 4 to 1 ratio for the depth to width ratio.

Tentative text and maps may be examined at the Frederic Township office during normal business hours.

Correspondence concerning the request should be directed to Frederic Township Zoning Dept., P.O. Box 78, Frederic, MI 49733 Telephone (989) 348-8778.

Douglas Pratt
Frederic Twp.
Zoning Administrator

PUBLIC NOTICE TO RESIDENTS WITHIN 300 FEET

Frederic Township residents to be notified the Zoning Board of Appeals will be holding a public hearing on October 18, 2004 at 7:00 pm in the Frederic Township Hall, located at 7564 C.R. 612, to hear the following case:

2004 Z 504 Owner: Mark Schrubba, Petitioner
Martin Drive
Frederic Township
Parcel # 20-030-011-003-150-00

The Petitioner is requesting a variance in order to build closer to the AuSable River than what the Frederic Township Zoning Ordinance allows. The petitioner is requesting to build at 91 feet from the river and 41 feet from the bluff. The zoning ordinance requires 200 feet from the river and/or 50 feet from the bluff of the cutting edge of the river.

Tentative text and zoning maps may be examined in the Frederic Township Office, during regular business hours.

Correspondence may be directed to: Frederic Township Zoning Dept., P.O. Box 78, Frederic, MI 49733. Telephone: (989) 348-8778.

Douglas J. Pratt
Frederic Twp.
Zoning Administrator

TOWNSHIP OF SOUTH BRANCH COUNTY OF CRAWFORD, MICHIGAN CEMETERY ORDINANCE NO. 16B

Motion by Luck, supported by Smith, CARRIED.

To adopt South Branch Township Cemetery Ordinance 16B, to read as follows:

Purpose: An ordinance to protect the public health, safety and general welfare by establishing regulations relating to the operation, control, and management of the cemeteries owned by the Township of South Branch in Crawford County, Michigan to provide penalties for the violation of said ordinance; and to repeal all ordinances or parts of ordinances to conflict therewith.

TOWNSHIP OF SOUTH BRANCH, COUNTY OF CRAWFORD, STATE OF MICHIGAN ORDAINS:

Section 1. TITLE

This Ordinance shall be known as the South Branch Township Cemetery Ordinance.

A. An adult burial space in a cemetery lot shall consist of a land area five (5) wide and ten (10) feet in length.

B. A cremains burial space in the Memorial Gardens shall consist of a land area five (5) feet wide and five (5) feet in length.

C. Cremains are the ashes of cremated human remains.

D. The term "heirs at law" and "next of kin," as they are used in this ordinance, shall be defined in accordance with the State of Michigan's statutes on intestate succession.

Section 3. SALE OF BURIAL RIGHTS

A. Burial rights in cemetery lots shall be sold to residents of the township for the purpose of burial of such purchaser. Persons who are not residents of the township may purchase burial rights at an increased cost to be determined from time to time by resolution of the township board. The interment of non-residents in a burial space purchased at the resident rate shall be subject to a non-resident interment fee which shall be determined by the difference between the current fee for a non-resident burial right at the time of interment and the actual cost of the burial fee paid by the initial purchaser. The purchase of more than two burial spaces by an individual must be approved by the township board. Only after an individual seeking to purchase two or more burial spaces identifies the persons to be interred and their relationship to the purchaser may the township board consider the request. The township clerk, treasurer or other board designee is granted the authority to determine residency for the purpose of this section. The standards to be utilized for determination of residency will include, but are not limited to, driver's license or State of Michigan issued identification card, voter's registration, residential rental documents or paid rental receipts, and/or any other reliable documentation establishing residency. No commercial sales shall be made to funeral directors. The township clerk, however, is hereby granted the authority to vary the aforementioned restrictions on sales where the purchaser discloses sufficient personal reason for burial within the township through previous residence in the township or relationship to persons interred therein.

B. All sales shall be made on a form approved by the township board, which grants a right of burial only and does not convey any other title to the lot or burial space sold. Such form shall be executed by the Township clerk or treasurer or other board designee. All previously issued forms for unused burial spaces shall be replaced by the current adopted form.

C. Burial rights may only be transferred to heirs or next of kin of original purchasers, and may be effected only by request and approval of the township clerk or treasurer or other board designee. Upon verification of the above requirements, the clerk or treasurer or other board designee shall issue a new burial permit to the assignee and shall cancel and terminate the original permit.

Section 4. PURCHASE PRICE AND TRANSFER FEES

A. The purchase of a burial space, including the interment of ashes, shall be at a cost to be determined from time to time by resolution of the township board, payable to the township. Such purchase must be made prior to interment and erection of the monument.

B. Any transfer of one or more burial rights from an original purchaser to a qualified assignee shall cost \$25.00 for each lot transferred.

C. The above charges shall be paid to the township treasurer and shall be deposited in the cemetery fund.

D. The township board, by resolution, may periodically alter the fees to accommodate increased costs and needed reserve funds for cemetery maintenance and acquisition.

Section 5: REPURCHASE OF LOTS OR BURIAL SPACES

A. Resale of cemetery burial spaces is prohibited. The township will repurchase any cemetery burial space from the owner for the original price paid the Township upon written request of the owner or his legal heirs or representatives.

Section 6: GRAVE OPENING CHARGES

A. The opening and closing of any burial space, prior to and following a burial and including the interment of ashes, shall be at a cost to be determined from time to time by resolution of the township board, payable to the township.

B. No burial space shall be opened and closed except under the direction and control of the cemetery sexton or assistant sexton.

Section 7. MARKERS OR MEMORIALS

A. All markers or memorials must be of granite or other equally durable composition. Exceptions may be made by Board approval.

B. Any monuments or memorials not placed in the Memorial Gardens must be located upon a foundation to maintain them in an erect position, and will be placed in the proper place by the cemetery sexton or monument company. The foundation must extend a minimum of four (4) inches completely around the stone, and the top of the footing must be level with the surrounding ground.

C. The foundation upon which any marker or monument is placed shall be erected pursuant to the township rules and regulations contained in this ordinance.

D. Only one monument or marker shall be permitted per burial space, except where a government bronze flat marker is also desired to honor a military veteran. All Monuments and Markers shall be placed with names facing center north/south road of the cemetery, at the head of burial space. Family names may be inscribed on the back side of the marker.

E. Only one marker per burial space shall be allowed in the Memorial Gardens. All markers in the Memorial Gardens shall be flush with the ground and no larger than three foot (3') by one foot (1') in surface area.

Section 8. INTERMENT REGULATIONS

A. These regulations shall be subject to alterations or amendments adopted by the Township Board.

B. No cemetery lot shall be used for any other purpose than for the burial of the human dead.

C. Except for cases involving special needs or unusual religious beliefs, notice of 48 hours/3 days before the announced time of the funeral is requested for grave openings. Grave openings and closings will be contracted by the South Branch Township Board with an individual contractor of their choice.

D. Burial in a cemetery lot shall be limited to one adult human burial and one interment of a cremains, except for a parent and an infant. A maximum of two cremains in one burial space shall be allowed.

E. Burial shall not be done, except as provided below, after frost is in the ground or if the accumulation of snow on the ground makes it difficult to

locate the exact corners of the burial site.

F. The Sexton or Assistant Sexton shall be responsible for making a determination as to the presence of frost in the ground or the presence of too much snow to accurately locate the corners of the burial site. The Sexton's determination shall be final.

In the event there are only a few inches of frost, or the snow may be shoveled or plowed so the site may be located, the Sexton or Assistant Sexton may in his sole discretion agree to a burial for an additional fee to cover the extra services required.

Winter storage for persons not buried because of frost or snow shall be stored in Pioneer Chapel.

G. The appropriate burial right permit for the burial space involved shall be required prior to interment. Where such permit has been lost or destroyed, the township clerk or treasurer or other board designee shall be satisfied, from the records of the Clerk, that the person to be buried in the burial space is the authorized and appropriate person to be buried before any interment is commenced or completed. No liability to the township, its officers, agents or employees for any errors in identification.

H. All graves shall be located in an orderly and neat appearing manner within the confines of the burial space involved.

I. When a removal is to be made from one grave to another, the removal must be arranged with the South Branch Township Board. An application for a removal permit must be signed by the next of kin and properly notarized.

Section 8a. CREMATION INTERMENT

A. Only one fee will be charged for a burial right notwithstanding the initial interment of multiple cremains. The price for the burial right will be determined pursuant to Section 3 A above. A grave opening and closing fee shall be charged when an additional cremain is interred in a single burial space. When multiple cremains are interred at one time, only one opening and closing fee shall be charged.

B. Markers or memorials for cremains shall be subject to Section 7, above.

C. All other sections of the Cemetery Ordinance not inconsistent with the provisions in this section shall apply to the interment of cremains.

Section 9. OUTER BURIAL CONTAINER

A. All burials shall be within an outer burial container constructed of concrete, steel, fiberglass, installed or constructed in each burial space before interment. All cremains must be interred in a sturdy container.

Section 10. GROUND MAINTENANCE

A. No grading, leveling, or excavating upon a burial space shall be allowed without the permission of the cemetery sexton or the assistant sexton.

B. No flowers, shrubs, trees or vegetation of any type shall be planted without the approval of the cemetery sexton or assistant sexton. Any of the foregoing items planted without such approval may be removed by the township or the cemetery sexton.

C. The township board reserves the right to remove or trim any trees, plant or shrub located within the cemetery in the interest of maintaining proper appearance and the use of the cemetery.

D. Mounds which hinder the free use of other gardening tool are prohibited.

E. The cemetery sexton shall have the right and authority to remove and dispose of any and all growth, emblems, displays or containers that through decay, deterioration, damage or otherwise become unsightly, a source of litter, or a maintenance problem.

F. Surfaces other than earth or sod are prohibited. No fences, plastic edging, curbing, shrubs, trees, stone, fieldstone or material of any kind is to be allowed on any lot except for one urn or vase of medium size that can be removed readily for mowing.

G. All refuse of any kind or nature including,

among others, dried flowers, wreaths, papers, and flower containers must be removed at the close of the season. Holders containing flowers and other decorations will be removed as the flowers fade and wither and the right is reserved by the South Branch Township Board to make such removal. Winter decorations, wreaths and grave blankets must be removed by May 1, and summer decorations by November 1, or such other times as is specified by the South Branch Township Board.

H. No advertisements of any kind shall be allowed on cemetery grounds.

Section 11. FORFEITURE OF BURIAL RIGHTS

A. Burial spaces remaining vacant 40 years from the date of their sale shall automatically revert to the township upon the occurrence of the following events:

1. Notice shall be sent by the township clerk by first class mail to the last known address of the last owner of record informing him or her of the expiration of the 40 year period and that all rights with respect to said spaces will be forfeited if he or she does not affirmatively indicate in writing to the township clerk within 60 days from the date of mailing of the within notice his or her desire to retain said burial rights.

2. No written response to said notice indicating a desire to retain the cemetery burial spaces in question is received by the township clerk from the last owner of record of the spaces or his or her heirs or legal representative within 60 days from the date of mailing of the notice.

Section 12. RECORDS

A. The township clerk shall maintain records concerning all burials, issuance of burial permits, and any perpetual care fund, separate and apart from any other records of the township and the same shall be open to public inspection at all reasonable business hours.

Section 13. CEMETERY HOURS

A. All township cemeteries shall have posted hours from sunrise until sunset or other hours established by board resolution. Except for township employees, including the sexton, no person shall enter upon cemetery grounds unless during posted hours of operation, or unless they have received written consent from the township clerk or other board designee.

Section 14. PENALTIES

A. Any person, firm or corporation who violates any of the provisions of the Ordinance shall be guilty of a municipal civil infraction and shall be subject to a fine of up to \$500.00. Each day that a violation continues to exist shall constitute a separate offense.

Section 15. SEVERABILITY

A. The provisions of the Ordinance are declared to be severable and should any provision, section or part be declared invalid or unconstitutional by any court of competent jurisdiction, such decision shall only affect the particular provision, section or part involved in such decision and shall not affect or invalidate the remainder of the Ordinance which shall continue in full force and effect.

Section 16. EFFECTIVE DATE

This ordinance shall take effect upon publication. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Moved by Luck, Seconded by Smith.

Roll call vote:

Luck, Aye; Smith, Aye; McGillis, Aye; Musselman, Aye and Myers, Aye.

TOWNSHIP OF SOUTH BRANCH COUNTY OF CRAWFORD, MICHIGAN

At a regular meeting of the Township Board of the Township of South Branch, Crawford County, Michigan, held at the Township Hall in said Township, on the 14th day of September, at 7:00 p.m.

PRESENT: Members: Musselman, McGillis, Smith, Luck, and Myers.

ABSENT: None.

The following ordinance was offered by Musselman and supported by Luck.

The Township of South Branch ordains:

ORDINANCE NO. 18:

AN ORDINANCE to regulate the division of parcels or tracts of land in order to carry out the provisions of Michigan Public Act 288 of 1967, as amended, being the Land Division Act; to establish minimum requirements and procedures for the approval of such land divisions and to prescribe penalties for the violation of this ordinance.

Section 1. TITLE AND PURPOSE

1.1 This Ordinance shall be known and may be cited as the South Branch Township Land Division Ordinance.

1.2 The purpose of this Ordinance is to carry out the provisions of the Land Division Act, Michigan Public Act 288 of 1967, as amended (the "Act"), including without limitations Sections 105 and 109 (5) thereof, in order to prevent the creation of parcels of land which do not comply with the Act or with applicable Township ordinances; to provide for the orderly development of land and otherwise to provide for the health, safety and welfare of the residents and property owners of the Township by establishing minimum requirements for review and approval of certain land divisions within the Township.

1.3 This Ordinance shall not be construed to repeal, abrogate, rescind, or otherwise to impair or interfere with provisions of other ordinances of the Township.

Section 2. DEFINITIONS

Certain words and phrases used in this Ordinance shall have the meaning stated in this section. Other words and phrases, if defined by the Act, shall have the meaning stated in the Act.

2.1 "Administrator" means Land Division/Zoning Administrator

2.2 "Division" or "land division" means the partitioning or splitting of a parcel or tract of land by the proprietor thereof or by his or hers, executors, administrators, legal representatives, successors or assignees for the purpose of sale, or lease or more than one (1) year, or of a building development that results in one or more parcels of less than forty (40) acres or the equivalent (as defined in the Act), and that satisfies the requirements of Sections 108 and 109 of the Act. Division does not include a property transfer between two or more adjacent parcels, if the land taken from one parcel is added to an adjacent parcel; and any resulting parcel shall not be considered a building site unless the parcel conforms to the requirements of this Act or the requirement of an applicable local ordinance.

2.3 "Exempt split" means the partitioning or splitting of a parcel or tract of land by the proprietor thereof or by his or hers, executors, administrators, legal representatives, successors, or assignees that does not result in one or more parcels of less than forty (40) acres or the equivalent.

2.4 "Parcel" means a contiguous area of land which can be described as stated in Section 102(g) of the Act.

2.5 "Parent parcel" or "parent tract" means a parcel or tract, respectively, lawfully in existence on March 31, 1997.

2.6 "Road Authority" means that governmental authority having jurisdiction of a public road or public street.

2.7 "Resulting parcel(s)" means one or more parcels which result from a land division.

2.8 "Tract" means two or more parcels that share a common property line and are under the same ownership.

Section 3. LAND DIVISION APPROVAL REQUIRED

Any partitioning or splitting of land requires the approval of the Township in order to qualify as a land division under the Act and shall satisfy the requirements of Sections 4 and 5, and any other applicable provisions of this Ordinance.

Section 4. APPLICATION FOR LAND DIVISION APPROVAL

4.1 A proposed land division shall be filed with the Land Division/Zoning Administrator and shall include the following:

(a) A completed application, on such written form as the Township may provide, including any exhibits described therein;

(b) Proof of ownership interest in the land which is the subject of the proposed division, or written consent to the application, signed by the owner of such land;

(c) A land title search, abstract of title, or other

evidence of land title acceptable to the Administrator which is sufficient to establish that the parent parcel or parent tract of the land which is the subject of the proposed division was lawfully in existence on March 31, 1997.

(d) Three (3) copies of a tentative parcel map showing the parent parcel or parent tract which is the subject of the application, and the area, parcel lines, public utility easements, and the manner of proposed access for each resulting parcel. The tentative parcel map, including the resulting parcels, shall be accurately and clearly drawn to a scale of not less than one inch = 20 feet for parent parcels or parent tracts of less than three (3) acres in area, and to a scale of at least 1 inch = 100 feet for parent parcels or parent tracts of three (3) acres or more in area. A tentative parcel map shall include:

(1) Date, North arrow, scale, and the name of the person or firm responsible for the preparation of the tentative parcel map;

(2) Proposed boundary lines and the dimensions of each parcel;

(3) A drawing or description of all previous land divisions from the same parent parcel or parent tract, identifying the number, area and date of such divisions;

(4) The location, dimensions, and nature of proposed ingress to and egress from any existing public or private streets; and

(5) The location of any public or private street, driveway or utility easement to be located within any resulting parcel. Copies of the instruments describing and granting such easements shall be submitted with the application.

(e) The application for a tract or parcel split shall show that each proposed tract or parcel meets all soil evaluation requirements of the County Health Department. The applicant shall submit copies of the permits issued by the District Health Department for proposed wells and septic tanks to the Township. Soil evaluation tests for septic tanks, drain fields, and wells shall not be required for parcels or more than thirty (30) acres from which the parcel or tract splits are made if the thirty (30) acres or more parcels are not to become a separate principal-building site. However, if in the future the parcel or parcels are to become separate principal-use building site or sites, then it will be required to have the required soil boring tests for septic tank, drain fields, and wells prior to the issuance of any land use or building permit. All tracts or parcels which do not pass the soil boring test shall only be sold on the condition that they are not to be used for a building site.

(f) The requirements of subparagraph (e) do not apply to any resulting parcel which is forty (40) acres or larger as long as such parcel satisfies the requirements of Section 5.1 (b) below.

(g) Other information reasonably required by the Administrator in order to determine whether the proposed land division qualifies for approval.

(h) Payment of the application fee and other applicable fees and charges establishment by resolution of the Township Board.

(i) Proof that all due and payable taxes pertaining to the land proposed to be divided are paid in full.

4.2 A proposed division shall not be considered filed with the Township, nor shall the time period stated in subsection 5.3 commence, until all of the requirements for an application for land division approval have been complied with by the applicant.

Section 5. MINIMUM REQUIREMENTS FOR APPROVAL OF LAND DIVISIONS

5.1 A proposed land division shall be approved by the Township Board upon satisfaction of all the following requirements:

(a) The application requirements of Section 4

(b) Each resulting parcel shall have a means of vehicular access to an existing public street or road. Such means of access shall comply with all applicable location standards of the governmental authority having jurisdiction of the existing street or road. If a private road is proposed, the applicant shall also comply with the requirements of subsection 5.2.

(c) The proposed division, together with any previous division(s) of the same parent parcel or parent tract, shall not result in a number of resulting parcels that is greater than that permitted under resulting parcel to existing public utility facilities.

(d) Each resulting parcel that is a development site (as defined in the Act) shall have adequate easements for public utilities from the resulting parcel to existing public utility facilities.

(e) Each resulting parcel which is ten (10) acres or less in size shall have a depth which is not more than four (4) times the width of the parcel. If the width of the parcel is irregular, the average width of the parcel shall be calculated and used for the purposes of the provision. This depth to width ratio shall not apply to the remainder of the parent parcel or parent tract retained by the applicant. The 4 to 1 ratio need not be considered or adhered to providing conditions exist limiting the petitioner meeting stat-

ed requirements. These conditions may include, but are not limited to, topographical or physical irregularities or features of the parcel or area, an incompatibility with surrounding and/or adjacent parcels or properties.

Gerrymandering of property lines to accommodate existing structures and/or physical irregularities will be viewed with concern of future potential septic and ground water problems or to cause structures to be too close to one another. The petitioner shall submit, in writing, in addition to the applications, any and all reasons the 4 to 1 ratio cannot be met. The final decision will be made by the Township Board.

(f) All resulting parcels to be created by the proposed land division(s) shall fully comply with the applicable lot area and lot width requirements of the Township Zoning Ordinance for the zoning district(s) in which the resulting parcels are located.

(g) Proposed or existing roads shall not be included as part of tract or parcel when computing area or frontage requirements.

The split of a tract or parcel resulting in a smaller area than prescribed herein may be permitted for the purpose of adding to an existing site or sites.

Provided further than the parcel or parcels which are smaller in area than permitted by ordinance or state law shall be conveyed only to the owner or owners of the property immediately adjoining said remaining parcel. All property so joined shall not thereafter be conveyed individually, separate from each other, without additional Township Board approval under this ordinance. The instrument of conveyance shall contain a deed restriction prohibiting a conveyance separate and apart from the adjoining land.

5.2 If a means of vehicular access to a resulting parcel does not lawfully exist at the time a land division is applied for, the proposed division shall not be approved unless the following requirements are satisfied:

(a) If a private road is proposed as a means of access, each resulting parcel shall have access to a private road that is in compliance with the Crawford County Zoning Ordinance.

(b) If a new public street is proposed as a means of access, the applicant shall provide proof that the road authority having jurisdiction has approved the proposed layout and construction design of the street and utility easements and drainage facilities associated therewith.

(c) When the tract or parcels resulting from a proposed tract or parcel split will be serviced by an existing private road or easement which is less than sixty-six (66) feet wide, or the road bed is less than required, the owner may apply for a Special Exemption Permit, provided however, that is the property over which the private road easement is located is now or has been in the past owned by the party proposing to (in whole or in part) split the tract or parcel, the tract or parcel split will not qualify for a special Exception Permit.

(1) No Special Exemption Permit for a narrower right-of-way or improved road bed shall be issued unless it is established that such modification is necessary to secure an appropriate development of a specific parcel of land; provided, that any such modification will not be inconsistent with the spirit and purpose of this Ordinance, with public safety and with substantial justice, and that the resulting tracts or parcels can adequately be serviced by fire, ambulance and other emergency vehicles or other public service vehicles, including school buses, utility trucks, etc. The resulting road or easement must be a minimum width of thirty (30) feet.

(2) The owner of any tract or parcel which is granted a Special Exemption Permit shall record with the Crawford County Register of Deeds a notice that the private road used for ingress and egress is of a sub-standard size.

5.3 The Township Board shall approve or disapprove a proposed land division within forty-five (45) days after the complete filing of the proposed division with the Administrator shall provide the applicant with written notice of such approval or disapproval. If disapproval, the Administrator shall provide the applicant with a description of the reasons for disapproval. Any notice of approval for a resulting parcel of less than one (1) acre in size shall contain a statement that the Township is not liable if a building permit is not issued for the parcel for the reason that the parcel fails to satisfy the requirements of Section 109a of the Act, including approval of on-site water supply and on-site sewage disposal under the standards set forth in section 105 (g) of the Act.

Section 6. APPROVAL OF LAND DIVISIONS

6.1 The administrator shall maintain a record of all land divisions approved by the Township.

6.2 A decision approving a land division shall be effective for not more than 180 days after such approval by the Township Board, unless the following requirements are satisfied within such 180-day

period:

(a) A survey and legal descriptions or deeds describing the resulting parcel(s) shall be recorded with the County Register of Deeds and a true copy thereof, showing proof of such recording, shall be filed with the Administrator. Such survey shall comply with the minimum requirements of Public Act 132 of 1970, as amended. A copy of each deed or other instruments of conveyance shall contain the statement required by section 109 (93) of the Act concerning the right to make further decisions.

(b) The Property is serviced by a completed public or private road. Completion shall mean inspection and written approval and acceptance by the South Branch Township Board for private roads, and in the case of public roads also approved and accepted by the Crawford County Road Commission. If the parcel is serviced by a public road the Road Commission approval shall also include a driveway and a culvert approval.

If paragraphs (a) and (b) are not satisfied, such land division approval shall, without further action on the part of the Township, be deemed revoked and of no further effect after the 180-day following such approval by the Township Board.

6.3 All Deeds and other recordable instruments of conveyance and all surveys submitted in compliance with Section with Section 5.1 shall be reviewed by the Administrator in order to determine their conformity with the approved tentative parcel map. The administrator shall mark the date of approval of the proposed land division on all deeds, other recordable instruments of conveyance and surveys which are in conformity with the approved tentative parcel map and which otherwise comply with the requirements of the Ordinance. Such documents shall be maintained by the Administrator in the Township record of the approved land division.

6.4 The approval of a land division shall not, of itself, constitute an approval or permit required under other applicable Township ordinances. Approval of a division is not a determination that the resulting parcels comply with other other Township ordinances or regulations.

6.5 Any parcel created inconsistent with or in violation of this Ordinance, where approval hereunder is required, shall not be eligible for issuance of building permits, zoning ordinance approval or other land use or building approvals under other Township ordinances, no shall any such parcel be established as a separate parcel on the tax assessment roll.

If tract or parcel split is approved and the property owner only intends to develop one parcel and requests a building permit for that one parcel but only constructs or intends to construct a road, public or private, to that one parcel or does not construct or intend to construct a road which will serve all parcels; the property owner must deposit the approved estimated amount for construction of the access road to all parcels which complies with the Ordinance. The estimated construction amount may be deposited in:

- 1) Cash
- 2) Approved surety bond
- 3) Approved irrevocable letter of credit

Section 7. PENALTIES AND OTHER REMEDIES

A violation of this Ordinance is a municipal civil infraction, for which the fine shall be not more than \$500.00 for the first offense and not more than \$1,000.00 for a subsequent offense, at the discretion of the court, and in addition to all other costs, damage, expenses and other remedies provided by law. For the purpose of this Section, a subsequent offense means a violation of this Ordinance committed by the same person or party within one (1) year after a previous violation of the same provision of this Ordinance for which such person or party admitted responsibility or was determined by law to be responsible.

Section 8. SEVERABILITY

The provisions of this Ordinance are severable and if any provision or other part thereof is determined to be invalid or unenforceable by any court of competent jurisdiction, such determination shall not affect the remaining provisions or other parts of this Ordinance.

Section 9. EFFECTIVE DATE

This Ordinance shall become effective thirty (30) days after its publication or thirty (30) days after the publication of a summary of this provision in a local newspaper or general circulation.

Motion moved by Musselman, Seconded by Luck.

Roll call vote:
Luck, Aye; Smith, Aye; McGillis, Aye; Musselman, Aye and Myers, Aye.

A LOOK AT OUR PAST FROM THE PAGES OF THE AVALANCHE

23 Years Ago October 8, 1981

The loss of ten Crawford County Road Commission workers will be felt by many county residents this winter after the white flakes fall. Snowplowing, the most visible service of the road commission - will be slowed down this year due to the lay off of eight workers, seven last February and one last June, and the loss of two positions vacated by disabled workers and not replaced.

Miss Kay Marie Ely became the bride of David Glenn Petrie at Mt. Hope Lutheran Church on August 29, 1981.

The young ladies on the 1981 GHS Varsity Viking Cheerleading squad are: Shari Cate, Kris Casler, Mandi Stillwagon, Phyllis Walsh, Sheri Linendoll and Jenny Alef. The Junior Varsity Cheerleaders are: Pam Weaver, Dawn Sheldon, Paula Solomonson, Jodi Christman, Shawn Lovely and Lee Ann Lovell. Both squads are coached by Joanne Ferguson.

Sixteen breaking and enterings were reported in Crawford County last week. Sheriff Joe White said there was a lag after Labor Day when B & E reportings went down, but now people are coming up north again to their cabins and discovering the B & E's.

In other police news, a lost hunter, Ken Rodgers of Saline, spent the night in the woods but found his way out the next morning to his trailer. He heard police sirens and a P.A. system during

the night but did not want to move away from the fire he had built to try and find his way out in the dark.

"From Our Corner," Whitey Madsen writes - What a beautiful Monday morning...ekk, if the sun doesn't start shining pretty soon we might as well kiss autumn goodbye and start getting ready for old man winter...here we thought September and October were supposedly the two beautiful months in the year for northern Michigan...not so, so far...the man upstairs hasn't been listening to us lately...

"Sarah Perkins Hat Shop" a comedy play by the ladies of A.A.R.P. performed for a full house on September 25th at the Senior Citizen's Center. The play was directed by Angela Kirkum, who also played "Sarah Perkins" in the comedy. Also starring were: Eleanor Tice as "Bridget"; the four salesgirls - Treva Engel, Velma Lobdell, Thelma Hunter and June Feldhauser; Ann Learst, Mae Bishaw, Evelyn Shuraleff, Fran Olsen and Lilah Donaldson were the five customers.

46 Years Ago October 9, 1958

Light snow was reported falling in the northeast corner of the county last Wednesday, October 1st, in the morning.

Miss Karen Lowrie was 10 on September 27th, and her mother invited eight friends over for a dinner party. There was a scavenger hunt afterwards, Linda

Knibbs and Carleen Church won the prizes.

After 25 years, 4 months and 4 days, Harold "Spike" MacNeven is out of business. Building a reputation as a bar and tavern owner that went out even beyond the boundaries of Michigan, Spike sold out to Herbert Holmes of Detroit who took over the Keg O' Nails on Monday of this week. Herbert Holmes, the new owner, stated that the business would be continued in the same name and added that he certainly thought Grayling was a fine town and knew that he would like living here.

Next spring there will be 104 tulip blooms showing on the slope between the new parking lot and the city water tank, put there this fall by the Brownie Scouts. The Brownies will plant the bulbs this Saturday. Brownie Scout leader Mrs. Leonard Knibbs is assisted in her work by Mrs. Leland Marshall, Mrs. Don Ferguson, Mrs. Tom Douglas, Mrs. Jerry Burns and Mrs. William LaChappelle.

Monday's meeting of the Grayling Women's Club was a potluck supper. On the committee were Ms. Leonard Allison, Mrs. Earl Burns, Mrs. Ernest Borchers and Mrs. Alexander Bailey.

69 Years Ago October 10, 1935

Noticing the great volume of gentlemen purchasers elbowing their way in and out of "Nellie's," J. Wellington Bumsted investigated, thinking there might be a special on socks or something, but there wasn't. However, Madonna Cariveau is back again after vacationing in Detroit and Jackson. The dazzling Madonna dazzles even more than before.

Mrs. Richard Lovely entertained at her home Tuesday evening with a birthday party in honor of Mrs. Oscar Goss. Progressive pinochle was enjoyed with first prizes going to Miss Veronica Lovely and Axel Peterson. Low scores were held by Mrs. Joseph Kernosky and Eugene Papendick. After an enjoyable evening a delicious lunch was served.

Complimenting Mrs. William Jenson some sixteen of her friends dropped in on her at her home down the river. The evening was spent playing cards and lunch was served.

92 Years Ago October 10, 1912

A part of the new road machinery was downtown on Thursday and Friday. Some good photographs were taken of it.

Will Green has resumed his work at T-Town planing mill after being laid up with a broken arm for some time.

The Just Us Club met at the home of Mrs. B.J. Conklin on Friday.

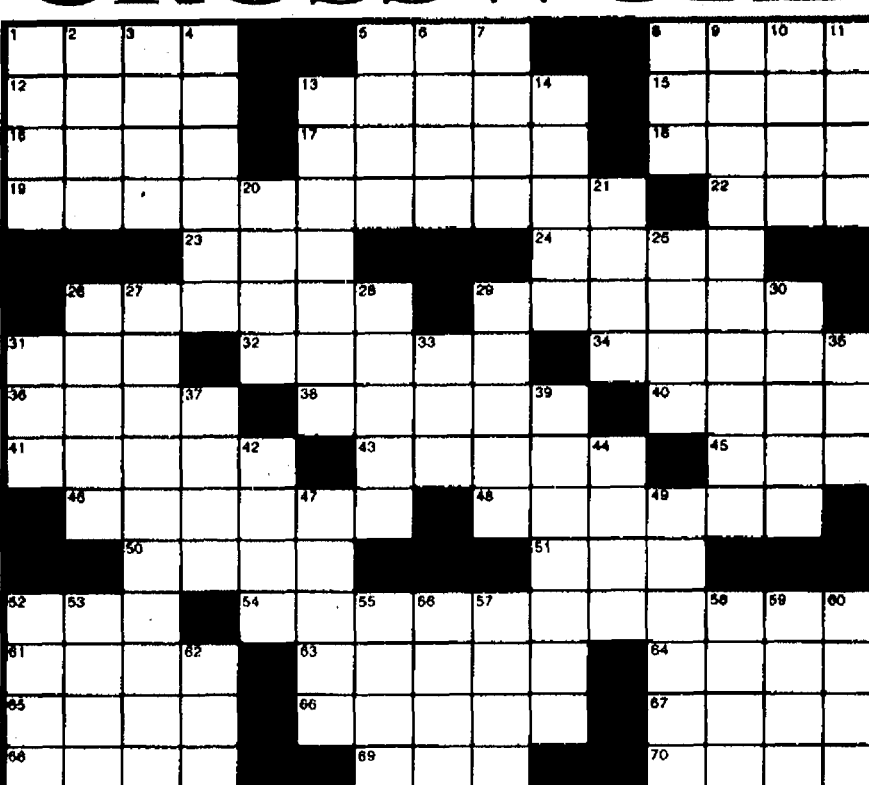

Miss Mildred Bunting is filling in at the telephone office during the absence of Miss Hattie Gierke who is taking a week's vacation.

The M.C. yards are filled with gravel and cut stone preparing for the proposed enlargement of the round house.

Glen Penard, while working on the section yesterday, dropped a rail and hit him in the jaw, cutting it quite badly.

Mose Lesperance has a bad abscess on his right eye and has not been able to work in the barber shop.

 - One that offers something for sale.
 - To give an account.
 - Rectangle having rounded corners.
 - Abominable snowman.
 - Field especially of pastureland.
 - Handbag.
 - Being dried and withered.
 - Paradise.
 - Furnishing with spikes.
 - Pee Wee... foremost shortstop of his era.
 - German word for "blue."
 - Male offspring of human beings.
 - To receive letters by sight.
 - To terminate an operation before completion.
 - Object that tends to increase comfort.
 - Electronic device with two electrodes is used as a rectifier.
 - Small children.
 - Stupid or foolish.
 - Emotion of dread and wonder inspired by authority.
 - Acronym for Fellow of the Royal Institution (UK).
 - Glass, Leopold W. Gideon in Charade.
 - Something provided, especially habitually.
 - Silvery metallic element that occurs in rare earth minerals.
 - Bana, Bruce Banner in The Hulk.
 - Suit, film by Luis Valdez.
 - Numerous marine broadly built decapod crustaceans.
 - Of a bluish hue.
 - To open by releasing a fastening.
 - Someone who leaves.
 - Crown of the head.
 - Affirmative votes.
 - External growth on an animal.
 - "... contendere," Latin for "I do not wish to contend."
 - One-room dwelling occupied by a solitary person.
 - Acronym for Emergency Social Services Association.
 - Walton, Uncle Martin on My Favorite Martian.

ANSWERS IN THE CLASSIFIEDS

RECIPE OF THE WEEK

Apple-Cinnamon Cheese Cake

1/2 cup plus 1 tablespoon margarine or butter, softened
 1/4 cup firmly packed light brown sugar
 1 cup un-sifted flour
 1/4 cup quick-cooking oats
 1/4 cup finely chopped walnuts
 1/2 teaspoon ground cinnamon
 2 (8-ounce) packages cream cheese, softened
 1 (14-ounce) can Sweetened Condensed Milk (NOT evaporated milk)
 3 eggs
 1/2 cup frozen apple juice concentrate, thawed
 2 medium all-purpose apples, cored and sliced

Cinnamon Apple Glaze: In small saucepan, combine 1/4 cup frozen apple juice concentrate, thawed, 1 teaspoon cornstarch and 1/4 teaspoon ground cinnamon; mix well. Over low heat, cook and stir until thickened. (Makes about 1/4 cup.)

Meanwhile, in large mixer bowl, beat cheese until fluffy. Gradually beat in Eagle Brand until smooth. Add eggs and juice concentrate; mix well. Pour into prepared pan.

Bake 45 minutes or until center springs back when lightly touched. Cool.

In large skillet, cook apples in remaining 1 tablespoon margarine until tender-crisp. Arrange on top of cheesecake; drizzle with Cinnamon Apple Glaze. Chill. Refrigerate leftovers.

Preheat oven to 300°. In small mixer bowl, beat 1/2 cup margarine and sugar until fluffy. Add flour, oats, nuts and cinnamon; mix well. Press firmly on bottom and halfway up side of 10-inch cheesecake pan. Bake 10 minutes.

HOROSCOPES

For the Week of October 7, 2004

Capricorn
December 22 - January 19

News from home sends you reeling! Give yourself some time to recover from the shock and get accustomed to the idea before you take action.

Aries
March 21 - April 19

Surprise! An old school chum drops by for a visit. Get out the yearbooks and spend a few hours laughing and reminiscing.

Cancer
June 22 - July 22

A dream inspires you to reach out to others. Start at home with a close friend who is dealing with a serious health problem.

Libra
September 23 - October 22

A relative's remark hits home. You've been slacking off in several areas of your life. Time to organize and get busy!

Taurus
April 20 - May 20

You're in for a spectacular week. Your boss gives you a glowing review and your special someone arranges for a fabulous outing.

Leo
July 23 - August 22

Your relationship with a business associate begins to crumble. Do your best to save it. A proposal deserves another look.

Scorpio
October 23 - November 21

You receive many requests this week. Don't try to fulfill all of them. Deal only with those that are important and turn down all of the rest.

Aquarius
January 19 - February 18

A friend is taking too many risks. Speak to them about the matter before it gets out of hand and something terrible happens.

Pisces
February 19 - March 20

Your family tends to drive you crazy, making you hesitant to attend an upcoming event. Go ahead and go! You'll have loads of fun!

Gemini
May 21 - June 20

Bingo! The solution you devised for a problem at the office works! Reward yourself with a small purchase. A friend returns a favor.

Virgo
August 23 - September 22

Project delays put you on edge. Do some time off and do something fun to alleviate your stress. A telephone call lifts your spirits.

Help build a new shelter by purchasing a "Driving into the Future Raffle" ticket for a chance to win a brand new 2005 Dodge Durango! Tickets are \$100.00 each and only 2,000 will be sold. Anyone who would like a ticket should send a check or money order for the amount of tickets requested to: Animal Shelter Crawford County, Raffle Tickets, P.O. Box 384, Grayling, MI 49738. Tickets are also on sale at the Avalanche, Riverland Gear, The Medicine Shoppe and the shelter.

Two barrels have been placed near the gates of the shelter to receive donations of return-deposit cans and bottles. The new 2005 Pet and Dog Calendars are on sale at the Avalanche for a donation of \$5 each.

The Animal Shelter of Crawford County is located at:
508 1/2 Huron Street (M-72 East) in Grayling
 Between the Road Commission and the Eagles Hall
 Hours: Mon. - Sat. 9 a.m. - 4 p.m.; Sun. and Holidays 8 a.m. - 11 a.m.
 After hour appointments available. Call (989) 348-4117

1. Real Estate

Enjoy wildlife on a rolling lawn sloping down to the beautiful mainstream of the AuSable River. This spectacular home features 2 complete living areas: one on ground level and one on the lower level with walk-out basement. Each level is 1408 square feet.

Each level includes 2 bedrooms, and complete kitchen. The upper level includes 1 1/2 baths and laundry area as well. The lower level includes a 3/4 bath with shower. Also included are a 2 1/2 car attached garage, extensive decking on the upper level, and an expansive patio area from the walk-out basement, just a few yards from the river.

Sit in the evening and enjoy watching deer, ducks, and an occasional elusive trout as it rises for the fly. All this, and the property is located very close to town. This would be a great year-round home, or a wonderful Up North getaway.

Priced at \$197,900

Scott McNamara Ford - Mercury of Grayling

Dear Ford, Lincoln, Mercury car, truck and SUV owners, Your vehicle may be costing you more than it should to operate and you may not realize it. So we at Scott McNamara Ford in Grayling as part of our ongoing commitment to QUALITY CARE and Excellence will be offering a FREE quality inspection and evaluation clinic, on Saturday, October 23rd, between the hours of 9:00 am and 2:00 pm. Our factory trained technicians will inspect your vehicle bumper to bumper and provide you with a detailed written report regarding the condition of your vehicle. Repairs will not be performed during the service clinic. However, estimates for necessary repairs will be written upon request and an appointment will be scheduled at your convenience if you so desire. This is our way of being sure that you will receive the long life and performance your vehicle was designed to provide. We will also be offering a free tire rotation and a \$18.95+ tax Pennzoil Quicklube. Please ask us how you can receive an additional 15% off repairs performed.

TO MAKE YOUR APPOINTMENT TODAY CALL SCOTT MCNAMARA FORD - MERCURY AT 348-3242 AND ASK FOR THE SERVICE DEPARTMENT

* \$18.95 oil change includes up to six quarts of oil and filter check and top off all fluid levels. Excludes diesel vehicles and synthetic oils.

We Will Beat Any Deal To Keep Your Business In Town!
